Seniority shall continue to accumulate during such leave and shall apply to such provisions as annual vacations, increments and promotions.

It is understood that employees granted leave of absence pursuant to this clause shall receive their current rates of pay while on leave of absence. Leave of absence granted under this clause shall include sufficient travel time. The pay and benefits received by the employee and reimbursed by the Union under this article shall be based on the number of hours to which the Union indicates, in writing, the employee is entitled.

The Employer agrees that any of the above leaves of absence shall not be unreasonably withheld and a response to the leave request shall not be unreasonably delayed.

All amounts to be deducted shall be expressed and calculated as a percentage of earnings as defined by the Union (only for the purposes of this article). The Union shall inform the Employer in writing with as much advance notice as possible, but not less than 30 calendar days in advance of any change in the percentage to be applied against earnings. The effective date of such a change will be the start of the first pay period following expiration of the notice period.

## **8.2 Step One**

In the first step of the grievance procedure, every reasonable effort shall be made to settle the dispute with the employer designate. The aggrieved employee shall have the right to have a steward present at such a discussion. If the grievance is not settled at this step, it may be presented in writing at Step Two.

## **8.3 Time Limits to Present Initial Grievance**

An employee may initiate the written grievance at Step Two of the grievance procedure, in the manner prescribed in Article 8.4 (Step Two), not later than 21 calendar days after the date:

- (a) on which they were notified orally or in writing, of the action or circumstances giving rise to the grievance;
- (b) on which they first became aware of the action or circumstances giving rise to the grievance.

## **8.4 Step Two**

## **8.5 Time Limit to Reply at Step Two**

- (a) Within 14 calendar days of receiving the grievance at Step Two, the union steward and the employer designate shall meet to examine the facts, the nature of the grievance and attempt to resolve the dispute. This meeting may be waived by mutual agreement.
- (b) The employer designate shall reply in writing to an employee's grievance within seven calendar days of the above noted meeting with the union steward or, if the meeting is waived, within seven days of the date the parties agree to waive the meeting.

## **8.6 Step Three**

Where no satisfactory agreement is reached, the dispute may be submitted to arbitration by either party within 30 calendar days of the meeting.

### **8.11 Amending Time Limits**

The time limits in this grievance procedure may be altered only by written mutual consent of the parties.

### **8.12 Technical Objections to Grievances**

It is the intent of the parties to this agreement that no grievance shall be defeated merely because of a technical error other than time limitations in processing the grievance through the grievance procedure. To this end, an arbitration board shall have the power to waive formal procedural irregularities in the processing of a grievance in order to determine the real substance of the matter in dispute.

### **8.13 Troubleshooter Process**

Where a difference arises between the parties relating to the dismissal, discipline or suspension of an employee, or to the interpretation, application, operation or alleged violation of this agreement, including any question as to whether a matter is arbitrable, during the term of the collective agreement,

Unless mutually agreed otherwise, disputes may be referred to the Troubleshooter only after the completion of Step Three of the grievance procedure except for disputes arising out of time sensitive issues relating to paid or unpaid leaves of absence, which may not be resolved prior to the completion of the grievance procedure.

The letter of agreement contains the process to assign arbitrators and shall only be changed with mutual agreement.

It shall hear and determine the difference or allegation and shall render a decision within 60 days of the conclusion of the hearing.

### 9.4 Decision of Board

The decision of the majority shall be the decision of the Board. Where there is no majority decision, the decision of the Chair shall be the decision of the Board. The decision of the Arbitration Board shall be final, binding, and enforceable on the parties. The Board shall have the power to dispose of a discharge or discipline grievance by any arrangement which it deems just and equitable. However, the Board shall not have the power to change this agreement or to alter, modify, or amend any of its provisions.

### 9.5 Disagreement on Decision

Expedited arbitration dates shall be mutually agreed to by the parties and shall be scheduled monthly or as otherwise mutually agreed to by the parties and will be at a location central to the geographic area in which the dispute arose.

(c) Once a grievance has an expedited arbitration date the party that bears the onus for the grievance will provide all particulars and documents in their possession relating to the grievance. Disclosure must be provided no later than 30 calendar days prior to the expedited arbitration date unless there is mutual agreement to waive this timeline. The responding party must provide disclosure no later than 20 calendar days prior to the expedited arbitration date unless there is mutual agreement to waive this timeline. This requirement does not preclude further disclosure of particulars and documents up to and including the expedited arbitration date.

(d) After the expedited arbitration date has been set, and no later than 15 calendar days prior to the expedited arbitration date, either party may, upon providing written notification to the other party and to the administrators, remove the matter from expedited arbitration and refer it to arbitration.

(k) All decisions of the Arbitrator are to be limited in application to the particular dispute and are without prejudice. Arbitration awards shall be of no precedential value and shall not thereafter be referred to by the parties in respect of any other matter. The expedited arbitrators will be advised to include these statements at the beginning of their reports.

(d) The Employer agrees not to introduce as evidence in any hearing any document from the file of an employee, the existence of which the employee was not aware at the time of filing.

#### **10.4 Performance Evaluations**

(a) Where a formal evaluation of an employee's performance is carried out, the employee shall be given sufficient opportunity to meet with the Employer, read, review and ask questions about the evaluation. Employees will be paid for time incurred attending such meetings. The employee will be given up to seven days to read, review and sign the evaluation.

(b) The evaluation form shall provide for the employee's signature in two places, one indicating that the employee has read and accepts the evaluation, and the other indicating that the employee disagrees with the evaluation. An employee may initiate a grievance regarding the contents of an employee evaluation if the employee has signed in the place indicating disagreement with the evaluation.

It is agreed that in instances where a job is eliminated, either by automation or change in method of operation, employees affected shall have the right to transfer to a job in line with seniority provided such transfer does not effect a promotion and provided, further, the employee possesses the ability to perform the duties of the new job. A transfer under this section shall not be deemed to effect a promotion unless it results in an increase in the pay rate of the transferring employee in excess of three percent of their existing pay rate.

The unions will recommend to their membership that they facilitate and expedite the job selection, placement and bumping process in the context of downsizing and labour adjustment generally. Accordingly, employees exercising a right to bump must advise the Employer of their intention to bump within seven days of receipt of the Employer's current seniority list.

If mutual agreement on proposed amendments is not reached either party may refer the matter to the Troubleshooter pursuant to Article 8.13(Troubleshooter Process) who will investigate the difference and give consideration to past practice, employee circumstances and the Employer's operational requirements. The parties shall be bound by the decision of the Troubleshooter.

(h) New extended hours, modified or flextime schedules may only be implemented through mutual agreement between the Employer and Union. Such agreement shall be in writing and will include details of the agreed schedule and shall address the following:

- (d) If a written request for a change in starting time is made by an employee which would not allow 12 consecutive hours off-duty between the completion of one work shift and the commencement of another, and such request is granted, then the application of paragraphs (b) and (c) of this section shall be waived for all employees affected by the granting of such a request provided they are in agreement.
- (e) Employees may exchange shifts with the approval of the Employer provided that, whenever possible, sufficient advance notice in writing is given and provided that there is no increase in cost to the Employer.
- (f) If the Employer changes a shift schedule without giving a minimum of 14 calendar days advance notice and such change requires an employee to work on a scheduled day off, then such hours worked shall be paid at overtime rates pursuant to Article 16 (Overtime). (b) Employees required by the Employer to work during their scheduled meal period will have their meal period rescheduled to an alternative time during that shift. Every effort shall be made to ensure that the rescheduled meal period does not commence within two hours of the end of the shift. Employees whose meal period is not rescheduled will be paid for the meal period at the applicable overtime rates.

(c) An employee who has been designated by the Employer to be available for work during their meal period will receive pay for the meal period at straight-time rates.

Unless otherwise specified in this article, the following shall always apply:

If less than seven and one-half hours are required to complete the averaging period, such number of hours will be deemed to be hours of absence;

(b) *Ability to Meet Specific Client Needs*

For purposes of this article, an employee's ability to meet specific client needs shall be determined using the following criteria:

- (1) continuity of care, language requirements and gender, where lack of consideration would lead to an adverse effect on the well-being of the client;
- (2) employee/client compatibility, where the lack of consideration would likely lead to an adverse effect on the health of the client. When a complaint arises, the Employer will investigate the complaint and endeavour to rectify the situation prior to reassigning the employee;

Employees shall have the option to accept or decline an increase in their weekly posted hours; then,
- (2) where no regular employee opts to accept an increase in their weekly hours, the Employer may increase the weekly hours of the most junior regular employee(s) whose days of work and period of availability or fixed shift would allow for inclusion of the available hours, or if it does not result in a new fixed hours split shift, subject to Article 15.4(a)(1) (Scheduling of Hours), or post a new regular position in accordance with Article 12 (Job Postings) and (e) below. Where the most junior regular employee'(s) period of availability is less than 10 hours, the period of availability may be increased to accommodate the available hours in accordance with Article 15.3 (Shift Schedules).
- (3) When an employee's weekly hours are increased pursuant to this clause the Employer shall provide the employee with written confirmation of the increased hours.

(e) Unassigned ongoing hours shall be deemed sufficient to constitute a regular position where 20 or more such hours can be scheduled within the following parameters:

- (1) up to five consecutive days of work; and
- (2) definable period of availability as per Article 15.3(b) (Shift Schedules);
- (3) geographic location.

When there are sufficient unassigned ongoing hours to constitute a regular position the Employer shall post a regular position pursuant to Article 12 (Job Postings).

(f) Regular employees may refuse hours only if the hours are in excess of their weekly posted hours, subject to Article 15.4(d) (Scheduling of Hours) or outside their period of availability referred to in Article 15.4(a)(2) (Scheduling of Hours).

Where possible, the employee shall be reassigned to an alternate worksite. Where no alternate work is available, the employee shall receive payment for the assignment to a maximum of four hours straight-time pay or, where the Employer is reimbursed for greater than four hours payment, for the number of hours reimbursed to the Employer.

(c) Assignments cancelled with less than 24 hours' notice shall not result in loss of pay to the employee, provided the Employer is reimbursed for the service.

(d) If an employee is required to attend to a deceased client they shall be paid for all hours worked in accordance with the collective agreement. An employee shall not suffer loss of pay for assignments that are re-assigned due to the employee being required to attend to a deceased client. The employee will be paid the greater of the hours worked or the hours scheduled for that day.

The length of the meal period shall not be less than 30 minutes, or up to 60 minutes by mutual agreement.
- (b) Employees required by the Employer to work during their scheduled meal period will have their meal period rescheduled to an alternative time during that shift. Every effort shall be made to ensure that the rescheduled meal period does not commence within two hours of the end of the shift. Employees whose meal period is not rescheduled will be paid for the meal period at the applicable overtime rate.
- (c) An employee who has been designated by the Employer to be available for work during their meal period will receive pay for the meal period at straight-time rates.

**15.11 Unusual Job Requirements of Short Duration**

### 15.13 Scheduling Limitations

Unless otherwise specified in this article, the following shall always apply:

If an employee is required by the Employer to report first to a different location before reporting to their scheduled worksite, travel time from that location to the actual worksite shall be included in the scheduled workday. If at the end of work at their scheduled worksite the employee is required to report back to a different location first before booking off work, travel time from the worksite to that different location shall be included in the scheduled workday.

### 29.3 Call-in Procedure

(a) Casual employees shall be called in to work in the order of their seniority provided that they are registered to work in a job classification applicable to the work required to be done. A casual employee shall be entitled to register for work in any job classification in a single department for which the employee meets the requirements of the job based on the factors in Article 12.9 (Selection Criteria). No casual employee shall be registered in more than one department except where the Employer and the Union otherwise agree in good faith.

*Note: The parties concur that the application of departments in some employers may not be practical. Employers will establish departments in good faith based on operational needs and not to circumvent the spirit of this clause.*

Casual employees scheduled in accordance with Article 15 (Hours of Work and Scheduling-Community Health Workers) shall be called in to work in the order of their seniority, subject to ability to meet specific client needs, skills, experience and geographic location, and provided that they are registered to work in a job classification applicable to the work required to be done. The Employer may assign the casual employee to replace a series of existing assignments. A casual employee shall be entitled to register for work in any job classification for which the employee meets the requirements of the job based on the factors in Article 12.9 (Selection Criteria).

(b) Where it appears that the regular employee whose position is being filled by a casual employee will not return to their position within four months, that position shall be posted and filled pursuant to the provisions of Article 12.1(a) (Job Postings and Applications).

(c) A casual employee who is appointed to fill a position under (b) above may only become a regular employee by successfully bidding into a permanent vacancy pursuant to Article 12 (Job Postings). Upon completion of an assignment a casual employee shall revert to the casual list.

(d) The manner in which casual employees shall be called to work shall be as follows:

(1) The Employer shall maintain both (a) a master casual seniority list which shall include all casual employees employed by the Employer listed in descending order of their seniority; and (b) a classification registry for each job classification in which casual employees may be used. Each classification registry shall list those casual employees who have been qualified to work in that job classification in descending order of hours worked.

(2) (i) The Employer shall call by telephone only those casual employees who are registered in the classification registry applicable to the work required to be done at a number provided by the employee. The Employer shall commence by calling the most senior employee in the classification registry. Only one call need be made to any one casual employee provided that the telephone shall be permitted to ring a minimum of eight times.

(ii) Notwithstanding (i) above, the Employer may require casual employees scheduled in accordance with Article 15 (Hours of Work and Scheduling-Community

Health Workers) to contact the Employer's voice mail system once per day in accordance with Article 15.4(k) (Scheduling of Hours). Where the Employer leaves a message for a casual employee on the voice mail system regarding an assignment, the Employer may not make further calls under Article 29.3(a) (Call-in Procedure) unless the employee declines the assignment or does not provide the Employer with a response before the designated time for response on the next day.

(iii) By mutual written agreement between the Employer and the union designate, an employee may be contacted by alternate means of communication. Where the Employer and the union designate execute such an agreement, the agreement will also address the amount of time the employee will have in which to respond to call.

(3) All such calls shall be recorded in a log maintained for the purpose which shall show the name of the employee called, the time of vacancy, the time that the call was made, the job required to be done, whether the employee accepts or declines the invitation to work or fails to answer the telephone, and the signature (or name if computerized) of the person who made the call. In the event of a dispute, the Union shall have reasonable access to the log and shall be entitled to make copies. This clause does not apply to casual employees scheduled in accordance with Article 15 (Hours of Work and Scheduling-Community Health Workers).

(4) If the casual employee who is being called fails to answer or declines the invitation to work, the Employer shall then call the next most senior employee registered in that job classification and so on until a casual employee is found who is ready, willing and able to work.

(5) Upon request, the Employer shall provide the Union with the schedule worked by casual employees scheduled in accordance with Article 15 (Hours of Work and Scheduling-Community Health Workers) specifying daily hours, the specific client service times and type of assignment (i.e., CHWI or CHWII).

(e) Effective April 1, 2013, an employer may utilize alternate methods for the call-in of casual work, provided that:

- The call-in of work shall reflect the principles associated with Article 29.3(a) (Call-in Procedure).
- If the alternate methods provide for multiple means for contacting employees (e.g. email, text, pager, etc.), the employee shall be entitled to select their preferred means of contact, with the Employer keeping a record of the employee's selection.
- If the alternate method provides for only a single means for contacting employees, the employee shall be entitled to elect the process outlined in Article 29.3(d)(1) and (2) (Call-in Procedure).
- Any such alternate methods shall track the information required by Article 29.3(d)(3) (Call-in Procedure).
- Where technology is used as an alternate method for the assignment of casual work, employees at work will have equal access to available work, except where the timely assignment of work is required.

#### **29.4 Seniority List**

(a) The master casual employee seniority list and each classification registry shall be revised and updated every three months as of the last date of the payroll period immediately prior to January 1<sup>st</sup>, April 1<sup>st</sup>, July 1<sup>st</sup> and October 1<sup>st</sup> (the "*adjustment*" dates) in each year. The seniority of each casual employee thus determined shall be entered in the classification registry in descending order of the most

hours worked to the least. Casual employees hired after an adjustment date shall be added to such classification registry or registries as are applicable in the order that they are hired.

(b) For purposes of a call-in to do casual work, any time accumulated in a current period shall not be reconciled until the next following adjustment date.

(c) Within two weeks of each adjustment date the Employer shall send to the union designate a revised copy:

- (1) of the master casual seniority list; and
- (2) of each classification registry maintained by the Employer.

(d) Sections (a), (b), and (c) above shall not apply to casual Community Health Workers.

(e) Upon return to work, casual employees will be credited with seniority hours for the period of time during which the employee was in receipt of wage-loss benefits from the WCB under Sections 191 or 192 of the *Workers Compensation Act*. The number of hours credited shall be based on the employee's average weekly straight-time hours paid over the one-half payroll year preceding the employee's leave of absence due to compensable illness or injury. Where the employee has been employed for less than one-half payroll year, straight-time paid hours shall be based on the employee's average weekly straight-time hours paid since date of hire.

#### **29.5 Regular Part-Time Employees**

(a) Regular part-time employees may register for casual work under this clause except that Article 29.1(a), (b), (c) and (d) (Casual Employees) shall not apply. Where the regular schedule of a part-time employee registered under this section conflicts with a casual assignment, the part-time employee shall be deemed to be unable to work except that where the assignment is longer than four days, the employee shall be relieved of their regular schedule at the option of the employee. All time worked shall be credited to the employee for the purpose of seniority and benefit accumulation.

(b) Article 29.5 (Regular Part-Time Employees) shall not apply to Community Health Worker positions.

#### **29.6 Increments**

Casual employees shall move to the increment step indicated by accumulated hours of service with the Employer.

#### **29.7 Transfer to Casual Status**

A regular employee who is laid off shall be entitled to transfer to casual status. Other regular employees may transfer to casual status provided that the Employer requires additional casual employees. Upon transfer such employees shall be entitled only to such benefits as are available to casual employees. Such employees shall maintain all accumulated seniority and benefits to the date of the transfer.

**1. GENERAL WAGE INCREASES**

Wage rates for all employees covered by the Community Bargaining Association collective agreement will increase starting the first pay period after the following dates and at the respective rates:

Year 1: April 1, 2022: Increase rates of pay by an average of 4.24%.

- The average increase of 4.24% consists of a 25¢ per hour increase and then a 3.24% general wage increase (GWI) to be applied across all rates of pay.

Year 2: April 1, 2023: Increase rates of pay by 5.5%.

- An additional GWI of up to 1.25% in accordance with the Cost of Living Adjustment (COLA) MOA.

Year 3: April 1, 2024: Increase rates of pay by 2%.

- An additional GWI of up to 1% in accordance with the Cost of Living Adjustment (COLA) MOA.

*Note: Average increase information is an approximation based on data currently available.*

**2. LOW WAGE REDRESS LANGUAGE**

Within 30 days after ratification, the parties will form a Committee composed of five members appointed by HEABC and five members appointed by the CBA.

The committee will undertake a review of compensation for CBA occupations compared to similar occupations under the FBA agreement. These compensation items will primarily focus on wage rates but may include:

- Weekend and shifts premiums
- On Call premiums
- Statutory Holiday and Vacation pay % for Casuals
- Other compensation items, as agreed by the parties

The above review must be completed within six weeks of ratification.

The expenditure resulting from the Committee's review must be fully utilized but cannot exceed \$13 million ongoing at the end of the collective agreement.

Wage Rate Review - Comparability Wage Adjustments shall be determined using the following principles:

- The occupation has a comparator occupation in the FBA agreement Where appropriate the Committee will refer to comparator occupations as determined by the Low Wage Redress Committee from the 2019 - 2022 Collective Agreement.
- The difference in wage rates is adversely affecting the provision of service to clients
- There is reasonable expectation that the comparability wage adjustment will reduce this adverse impact, and
- The comparability wage adjustment will not create additional demands in other sectors
- If necessary, CBA occupations will be mapped to a new CBA grid level number that will be the same as the FBA grid level number reflecting overall scope, level of responsibility and qualifications of the CBA occupation using the FBA benchmarks as a guide.
- The \$13 million will be allocated to wage comparability adjustments based on the wage rates as of April 1, 2021.

#### *Dispute Resolution*

- The parties agree that any disputes arising from this review will be referred to Arbitrator Vince Ready who will issue a decision as soon as possible.
- The Arbitrator is bound by the principles and the funding limits and the effect of their decision cannot exceed the \$13 million ongoing costs specified above.

### **SCHEDULE C Job Evaluation and Classification**

In recognizing the unique characteristics of the Community Subsector, the parties agree to develop customized benchmarks that reflect the organization of the workplace and the manner in which work is provided in the Community Subsector. The parties also agree to develop a classification manual and maintenance agreement that is customized to meet the needs of the Community Subsector. In the application of this understanding, the Guiding Concepts are:

1. The method of job classification in the Community Subsector should be:
  - easy to apply and administer;
  - explainable in non-technical terms;
  - logical and functional to users;
  - fair and acceptable;
  - based on input from employees and employers;
  - reflect the organization of the workplace in this subsector.
2. Job classification is based on a process of comparing the overall scope and level of responsibility of work in the Community Subsector to agreed-upon Community Subsector benchmarks.
3. The comparing of the overall scope and level of the responsibility of work in the Community Subsector is based on the following:

- the Employer is responsible to prepare job descriptions;
  - the Employer and Union are to review and agree upon job descriptions to ensure they are an accurate reflection of the level of the scope and responsibility of work;
  - job descriptions are compared and matched to Benchmarks based on a best fit to the overall scope and level of responsibility of work and range of qualifications.
4. The Community Subsector Benchmarks shall be jointly developed between the Employer and the Union and shall include:
- a statement of the overall scope and responsibility of work;
  - a listing of typical job duties reflecting the responsibility of work being done;
  - the range or level of qualifications or equivalencies normally required.

The classification system shall have a classification manual and maintenance agreement outlining the classification and administrative process. The parties agree that the method of job classification in the Community Subsector must be responsive to the needs of the Subsector, and that the methods developed will be done in response to the needs of the community or to enhance the principles contained herein.

## **MAINTENANCE AGREEMENT**

### **1. Introduction**

- 1.1 The purpose of this maintenance agreement is to provide a standard procedure for the description and classification of jobs and the evaluation of work in the Health Service & Support (Community) Subsector.

### **2. Coverage**

- 2.1 The provisions of this agreement shall apply to all work that is now or shall come within the scope of the Health Service & Support (Community) Subsector collective agreement. This agreement, including the Classification Manual, shall be incorporated in and become part of the collective agreement.
- 2.2 This agreement shall be subject to the grievance and arbitration procedures under the collective agreement.

### **3. Existing Rights**

- 3.1 Without intending to create any new rights and obligations but only for greater certainty it is agreed that:
- (a) Subject to the collective agreement and subject to procedures of this agreement, the Employer has the right to organize its work in a manner that best suits its operational requirements and to establish new jobs and to change existing jobs.
  - (b) The Union has the right to enforce all the provisions of the collective agreement and this agreement and in particular may ensure that:
    - (i) a job has been established in a proper manner under the terms of the collective agreement and this agreement;
    - (ii) a job description accurately describes the work required to be done;
    - (iii) the qualifications established by the Employer for a job are reasonable and relevant to the work required to be done;
    - (iv) a job is properly classified in relation to the benchmarks; and

(v) a position is assigned to an appropriate job description.

(c) Where a conflict arises between the collective agreement and this agreement, the collective agreement shall take precedence.

#### **4. Benchmark Class Specifications**

- 4.1 The benchmark class specifications, hereafter referred to as benchmarks, in existence at the date of this agreement and agreed to by the parties and listed in Schedule A (Grid & Benchmark Titles) shall constitute the sole criteria for classifying work covered by the collective agreement. Except as provided for in Article 9.7(d) (Classification Dispute Resolution Process) of the maintenance agreement, no new benchmark shall be introduced and no existing benchmark shall be changed except by mutual agreement between the HEABC and the Association. Neither party shall withhold mutual agreement unreasonably.
- 4.2 Each benchmark shall be assigned to an appropriate Classification Grid, which shall be deemed to comprise part of the benchmark.

#### **5. Job Descriptions**

- 5.1 The Employer shall prepare job descriptions for all jobs for which the Union is the certified bargaining agent.
- 5.2 All job descriptions must be drafted in a similar format to include the job title, the benchmark against which the job has been classified and the classification grid, a job summary, a listing of the typical job duties, and the qualifications required to perform the job.
- 5.3 If the job is anomalous, the classification will be listed as "*anomalous*" on the job description.
- 5.4 Each regular employee is entitled to a copy of the recognized job description for their position.

#### **6. Classification of New Jobs and Changes to Existing Jobs or Positions**

6.1 The Employer will review the job description and compare it to the classification benchmarks to determine the appropriate classification and pay rate for the job.

6.2 Where the Employer makes a material change to an existing job, it shall revise the job description. The revised job description will be provided to all employees who are subject to that job within 20 calendar days.

Where a pay rate adjustment occurs as a result of the Employer revising an existing position, the increase shall take effect on the first day an employee occupies the position after it was revised.

6.3 Where the Employer makes a material change to an existing job or establishes a new job and the Employer considers that the changed or established job is anomalous, as defined in Article 11 (Definitions) of the maintenance agreement, the Employer shall:

- (i) revise the job description of the materially changed job or write a new job description for the newly established job;
- (ii) assign the job to one of the existing classification grids on the basis of best fit according to the overall type of duties and scope and level of responsibilities to an extent material for a reasonable standard of job classification. The Employer shall determine the

classification grid of the anomalous job by comparing the job to the existing community benchmarks and not to other jobs and positions; and

(iii) forward the completed job description and classification grid to the Union and the Association within 20 calendar days.

## **7. Classification Reviews**

- 7.1 Where the Union or an employee considers that a position is not assigned to an appropriate benchmark, either of them may request the most current job description for the job and file a classification review request.
- 7.2 The employee and/or a Representative designated by the Union shall complete a "*Classification Review Form*" indicating the reasons they believe that the benchmark to which their position has been matched is inappropriate. The Classification Review Form shall also indicate the benchmark that they believe is the appropriate match for the position, or the classification grid if the job is thought to be anomalous. The Classification Review Form and any attachments shall be submitted to the Employer.
- 7.3 Within 30 calendar days of the receipt of a Classification Review Form the Employer shall review the request and notify the Union and the HEABC of its determination in writing.
- 7.4 If the Employer's written determination is not acceptable, or not provided within the time limit, the Union may, within a further period of 30 calendar days, notify the HEABC and the Employer of the intent to refer the dispute to a Classification Referee for a final and binding decision in accordance with Article 9 (Classification Dispute Resolution Process) of the maintenance agreement. Notification shall include a written submission outlining the basis of the objection and the resolution sought.
- 7.5 Within 60 calendar days of receipt of notification of the intent to refer a dispute to a Classification Referee for a final and binding decision, the HEABC, the Employer, and the Union shall attempt to resolve the dispute.
- 7.6 If the parties are unable to resolve the dispute, the Union may refer the matter to a Classification Referee for a final and binding decision. The HEABC and the Union shall, within 30 calendar days, submit an Agreed Statement of Facts to the Classification Referee outlining the dispute and the issue(s) that are the subject of the dispute. If the parties are unable to agree on an Agreed Statement of Facts each party shall submit, to the Classification Referee and to all parties to the dispute, a separate Statement of Facts outlining the dispute and the issue(s) that are the subject of the dispute.

## **8. Anomalous Job Review**

- 8.1 Where the Association or the HEABC considers that an anomalous job has ceased being anomalous, it shall notify the other party in writing and propose a benchmark for the position and a classification grid to be assigned.
- 8.2 Within 90 calendar days of receipt of the notification, the responding party shall inform the notifying party of whether it agrees that the anomalous job has ceased being anomalous and whether it agrees with the proposed benchmark and classification grid. If:
  - (i) the responding party does not agree that the anomalous job has ceased being anomalous, then, within a further 60 calendar days, either party may refer the matter to a Classification Referee for a final and binding decision;

(ii) the responding party agrees that the anomalous job has ceased being anomalous, but does not agree with the proposed benchmark and/or classification grid, the responding party shall propose an alternative benchmark and/or classification grid.

8.3 If the parties are unable to resolve the benchmark and/or classification grid dispute within a further 60 calendar days, either party may refer the matter to a Classification Referee for a final and binding decision.

8.4 No incumbent of an anomalous job that is subsequently matched to a new or existing benchmark through this process shall have their rate of pay reduced for as long as they occupy the same job.

## 9. Classification Dispute Resolution Process

9.1 The Classification Referee(s), Julie Nichols, Chris Sullivan, and Judi Korbin, shall be mutually agreed to by the HEABC and the Association. In the event that the parties are not able to reach mutual agreement, the Chairperson of the Labour Relations Board shall make the necessary appointment(s). By mutual agreement between the parties another Classification Referee may be named.

9.2 The parties shall meet every month, or as often as required, to review outstanding Classification Review Requests referred in accordance with Article 7.6 to determine, by mutual agreement, those classification appeals that will be referred to expedited arbitration.

9.3 The HEABC and the Union shall attempt to mutually agree to use an expedited arbitration process to resolve classification disputes. If the parties are unable to mutually agree to submit an outstanding classification review request to expedited arbitration the matter shall be resolved using full arbitration.

9.4 The expedited arbitration process shall be governed by the following principles:

- (1) The location of the hearing shall be agreed to by the parties.
- (2) Unless otherwise mutually agreed, each party shall be limited to a four-hour presentation.
- (3) The parties shall utilize staff representatives of the Union and the HEABC to present cases, and shall not utilize outside legal counsel.
- (4) The parties agree to make limited use of authorities during their presentations.
- (5) The decision of the Classification Referee shall be final and binding on both parties.
- (6) All decisions of the Classification Referee are to be limited in application to the particular dispute and are without prejudice. Arbitration awards shall be of no precedential value and shall not thereafter be referred to by the parties in respect of any other matter. All settlements made prior to hearing shall be without prejudice.

9.5 Unless mutually agreed, expedited arbitration shall not be used in disputes where the decision may result in the development of a new benchmark pursuant to Article 9.7(d) of the maintenance agreement.

9.6 Within 60 calendar days of the receipt of an Agreed Statement of Facts or the separate Statements of Facts, the Classification Referee shall make every effort to hear either the full or the expedited arbitration and render a final and binding decision in writing.

- 9.7 The decision of the Classification Referee shall be based upon the same criteria applicable to the parties themselves. The decision of the Classification Referee shall be limited to a direction that:
- (a) the position be assigned to another existing job description;
  - (b) a new job description be prepared by the Employer that more appropriately describes the type of duties, the overall scope and level of responsibility, and the required qualifications of the position;
  - (c) except as outlined in Article 9.7(d) and (e) of the maintenance agreement, the job be appropriately classified, provided that the Classification Referee shall not have jurisdiction to classify a job except within the existing benchmarks including the existing classification grids and wage rates;
  - (d) where the Classification Referee concludes that a position does not conform to an existing benchmark and is not an anomalous job, the Classification Referee shall notify the HEABC, the Association and the Union of their decision. The HEABC and the Association shall then endeavour to establish an appropriate benchmark for the position. Failing mutual agreement by the parties, each party shall make a submission within 30 calendar days to the Classification Referee as to the appropriate benchmark to be established. The Classification Referee shall establish a new benchmark or amend an existing benchmark and the decision of the Classification Referee shall be binding on the parties. The Classification Referee shall also establish an appropriate Classification Grid and existing wage rate for the new or revised benchmark, with jurisdiction limited to existing classification grids and wage rates. The Classification Referee shall not have the jurisdiction to establish new wage rates or classification grids (See Note 1).
  - (e) where the Classification Referee determines that the position is anomalous, the Classification Referee shall assign the job to one of the existing classification grids on the basis of best fit according to the overall type of duties and scope and level of responsibilities to an extent material for a reasonable standard of job classification. The decision of the Classification Referee shall be binding on the parties.
- 9.8 Arbitration hearings called by the Classification Referee shall have the same status as an arbitration pursuant to Article 9 (Arbitration) of the collective agreement.
- 9.9 The fees and expenses of the Classification Referee for expedited arbitration and arbitration hearings shall be borne equally by the Employer and the Union.

## **10. Pay Adjustments**

- 10.1 Where the rate of pay of a job or position is adjusted upward, the employee shall be placed on the lowest step of the new pay range which will give them an increase as follows:
- (1) Where a job has an increment structure based on hours of service the employee shall receive the increment rate that is immediately higher than their wage rate immediately prior to the pay rate adjustment. Further increment increases shall be based on hours worked in the job from the effective date of the pay rate adjustment.

- (2) Where a job has an increment structure based on calendar length of service the employee shall receive the increment rate that is immediately higher than their wage rate immediately prior to the adjustment. Further increment increases shall be based on calendar length of service in the job from the effective date of the pay rate adjustment.
- 10.2 The effective date of pay rate adjustments is determined as follows:
  - (1) Where a pay rate adjustment occurs as a result of a Classification Review initiated by an employee or the Union, the increase shall take effect on the date the Classification Review Request is received by the Employer.
- 10.3 Where the rate of pay of a job or position is adjusted downward, the employee shall continue to be paid at the employee's current rate of pay until the wage rate in the new job or position equals or exceeds it.

### Definitions

1. *Position*: A group of duties and responsibilities regularly assigned to one person. It may be occupied or vacant and may be created, changed, or deleted in order to meet operational requirements.
2. *Job*: One or more positions performing essentially the same duties, similar scope and level of responsibility, and required qualifications covered by the same job description.
3. *Other Related Duties*: The phrase "*Other Related Duties*" shall include those additional duties related to the job and/or the operation of the organization that may be assigned to the incumbent.
4. *Anomalous Job*: A unique job with an overall set of duties that cannot be properly classified using any of the existing benchmarks.

### Note 1:

The matter in Bold is resolved with the proviso that the number of grids agreed to will be sufficient for the Association. The Employer does not agree with the Association's position that the default is that the Classification Referee can establish new wage rates if the Association believes that the number of grids are insufficient. In the event the Association maintains that the number of grids are insufficient, the parties reserve the right to arbitrate this issue at a later date if it is not resolved.

## CLASSIFICATION MANUAL

### 1. Introduction

- 1.1 The Classification Manual outlines the definitions, format and principles of classification to be followed in matching jobs or positions to the benchmark class specifications, hereafter called benchmarks, contained in the maintenance agreement, and forms part of the maintenance agreement.

### 2. Benchmarks

- 2.1 Benchmarks set forth the overall scope and level of responsibility and the typical duties by which jobs or positions are distinguished and classified under the Classification System.
- 2.2 Benchmarks also set forth the range or level of qualifications appropriate for a position classified to the level of the benchmark(s).

- 2.3 Benchmarks do not describe jobs or positions. They are used to classify a wide diversity of jobs by identifying the scope and level of responsibilities.

### 3. Format of Benchmarks

#### 3.1 *Job Families*

All benchmarks are grouped together on the basis of closely related functional activities, fields of work, or occupations. Each of these groups is called a "*job family*". There are seven job families in the Classification System:

- 1) Client Services
- 2) Health Services
- 3) Administrative Services
- 4) Food Services
- 5) Environmental Services
- 6) Transportation Services
- 7) Miscellaneous

#### 3.2 *Benchmark Title*

Each benchmark within a job family is identified by a benchmark title. For example: **(NOTE: THIS IS FOR ILLUSTRATIVE PURPOSES ONLY)**

Job Family:	Client Services
Benchmark Title:	Community Health Worker X
Benchmark Title:	Community Health Worker Y

#### 3.3 *Wage Rate*

Each benchmark shall be assigned a classification grid. Each classification grid has a corresponding wage rate, which is listed in Schedule B of the collective agreement. For example: **(NOTE: THIS IS FOR ILLUSTRATIVE PURPOSES ONLY)**

Benchmark Title: Community Health Worker 2  
Classification Grid: X

The wage rate for the X Classification Grid, at April 1, 2000, per Schedule B (Wage Schedule) is:

\$XX.XX per hour

#### 3.4 *Benchmark Duties*

- (a) The duties listed in a benchmark are a representative sampling of the functions being performed at the scope and level of responsibility that result in a job or position being classified at the benchmark level.
- (b) The listing of typical duties identified on a benchmark is not intended to be exhaustive or all-encompassing. Job duties or responsibilities that are not specifically mentioned in the relevant benchmark are deemed to be encompassed by that benchmark if that job duty or responsibility is essentially similar to the benchmark in terms of scope and level of responsibility, as described in the Scope and Level Definition.

### 3.5 *Benchmark Qualifications*

- (a) The qualifications set forth in a benchmark reflect the range or level of education and/or training and the experience appropriate to the scope and level of responsibility of the benchmark.
- (b) The parties agree that different qualifications may be required for jobs that are matched to the same benchmark, or for different benchmarks matched to the same classification grid in order to meet the unique work organization in the Community subsector.
- (c) Membership in a professional association or group is not a required qualification for any position under the Classification System unless required by legislation or regulation.

## 4. **Anomalous Jobs**

- 4.1 Anomalous jobs in this agreement shall be defined pursuant to Section 11 of the maintenance agreement.
- 4.2 Jobs which can be integrated are not considered anomalous jobs.
- 4.3 Anomalous jobs are assigned a classification grid on the basis of best fit according to overall type of duties and scope and level of responsibilities which are performed to an extent material for a reasonable standard of job classification.
- 4.4 Where the HEABC and the Association identify anomalous jobs with essentially similar duties and scope and level of responsibilities, a benchmark may be created.

## 5. **Principles of Classification**

- 5.1 The purpose of benchmarks is to establish the means whereby jobs may be properly classified and distinguished under the broad banding classification system. To that end a job should be classified on the basis of best fit according to the overall type of duties and scope and level of responsibilities which are performed to an extent material for a reasonable standard of job classification.
- 5.2 *Integrated Jobs:* Where a job encompasses work in two or more benchmarks, and where it is administratively impractical to keep track or even identify when the incumbent is working within one or the other of the classifications, the job shall be classified at the highest classification of the jobs being performed.
- 5.3 *Special Licences and Certificates:* Where an employee is required to carry a special licence such as a certified dental assistant licence or practical nurse's licence, they should be classified consistently with such licence, certification, or qualification irrespective of the type of duties and level of responsibilities/skills required to be exercised.
- 5.4 Jobs and positions are classified only by comparison to the benchmarks and not by comparison to other jobs and positions.
- 5.5 Throughout the whole process of evaluating jobs, it is the job that is evaluated and not the employee.

## 6. **Glossary of Terms**

*The parties agree that the Glossary of Terms is outstanding, is not the subject of the February 13, 2001 arbitration, and is yet to be discussed.*

**1. Layering over:**

An employee who is required to assign work to one or more Community Subsector employee(s) and is required to ensure that the assigned work is completed shall have their wage rate layered over the other employee(s).

The layered over wage rate will be the next highest classification grid higher than the classification grid wherein the top increment step rate provides for a minimum difference of 5% above the top increment step rate of the other employee's job, with the layered over employee maintaining their own increment step.

If this results in the layered over wage rate being below the appropriate wage rate of the other employee's classification, the layered over wage rate will be placed at the first increment step that results in a wage rate above the appropriate wage rate of the other employee's classification, to a maximum of Step Four.

**APPENDIX 1**

**List of Employers - Generated as of July 2020  
(Errors and Omissions Excepted)**

The following list of employers is for information purposes only and may vary from the list of employers attached to the Community Subsector consolidated certifications issued by the Labour Relations Board, as amended from time to time. If there is an inconsistency between the two lists, the LRB certification lists and case law will apply.

## APPENDIX 2 Long-Term Disability Insurance Plan

### Long-Term Disability Insurance Plan

The HEABC and the Association agree that the long-term disability insurance plan shall be governed by the terms and conditions set forth below, subject to the JCBT's ability to redesign benefits. Employees with a date of disability or injury that occurred prior to the current plan shall continue to be covered by the terms of any plan that was in place at that date of disability or injury.

### Long-Term Disability Plan

Effective April 1, 2013:

The parties agree that:

During the LTD qualifying period, and where employees cannot be accommodated in their own occupation, they may be accommodated into an available comparable position as defined in this section exclusively, where the regularly scheduled hours of work differ by no more than 20% from the regularly scheduled hours of the employee's current position and the hourly wage rate differs by no more than 5% from the hourly wage rate of the employee's current position. However, in the event the employee is unable to continue working in their accommodated position, due to the same or related medical condition, the pre-disability position will continue to be applicable for the purpose of adjudication and calculation of any claim for LTD.

During the first 19 months of LTD benefits, employees may be accommodated into an available position that is not less than 75% of their pre-disability earnings. However, in the event an employee is unable to continue working in their accommodated position during the 19-month period of benefit entitlement, due to the same or related medical condition, the pre-disability position will continue to be applicable for the purposes of the adjudication and calculation of any claim for LTD during that 19-month period.

**Section 1 - Eligibility**

- (a) Regular full-time and regular part-time employees shall, upon completion of the probationary period, become members of the Long-Term Disability Plan as a condition of employment.
- (b) *Benefits* - Benefit entitlement for employees on long-term disability shall be consistent with the provisions of Article 20.6 (Benefits on Leave of Absence) of the collective agreement which reads:

*Benefits will not be earned or accrued when an unpaid leave of absence or an accumulation of unpaid leaves of absence exceeds 20 workdays in a calendar year. Time off pursuant to Article 2.10 (Time Off for Union Business) shall not be taken into consideration.*

Upon return to work following recovery, an employee who was on claim for less than 19 months shall continue in their former job; an employee who was on claim for more than 19 months shall return to an equivalent position, exercising their seniority rights if necessary, pursuant to Article 13.5 (Retention of Seniority) of the collective agreement.

Employees on long-term disability who have exhausted all sick leave credits and in addition have been granted 20 working days unpaid leave shall be covered by the Medical, Extended Health Care, and Dental Plans.

Premiums for medical, dental, extended health and accidental death and dismemberment insurance to be cost shared by the Employer and claimant on a 50-50 basis. Employees to be permitted to enrol in some or all of the above plans. The employee's share of premiums for such coverage are to be paid in advance, on a monthly basis.

*Group Life Insurance* - Employees on long-term disability shall have their group life insurance premiums waived and coverage under the Group Term Life Insurance Plan shall be continued.

*Pension* - Employees on long-term disability who are enrolled in the Municipal Pension Plan or the Public Service Pension Plan pursuant to an employer-specific memorandum of agreement shall be considered employees for the purpose of pension in accordance with the *Public Sector Pension Plans Act* - Schedule B or C, as applicable.

**Section 2 - Waiting Period and Benefits**

- (a) (1) In the event an employee, while enrolled in this Plan, becomes totally disabled as a result of an accident or sickness, then, after the employee has been totally disabled for five months the employee shall receive a benefit equal to 70% of the first \$2800 of the pre-disability monthly earnings and 50% on the pre-disability monthly earnings above \$2800 or 66⅔% of pre-disability monthly earnings, whichever is more. The \$2800 level is to be increased annually by the increase in the weighted average wage rate for employees under the collective agreement for the purpose of determining the benefit amount for eligible employees as at their date of disability.

It is understood that this adjustment will only be applied once for each eligible employee, i.e., at the date of the disability, to determine the benefit amount to be paid prospectively for the duration of entitlement to benefits under the LTD Plan.

- (2) In the event that the benefit falls below the amount set out in Section 2(a)(1) above for the job that the claimant was in at the time of commencement of receipt of benefits, LTD benefits to be adjusted prospectively to 70% of the first \$2800 of the current monthly earnings and 50% on the current monthly earnings above \$2800 or 66⅔% of current monthly earnings, whichever is more based on the wage rate in effect following review by HBT every four years. (Note: the \$2800 figure will be adjusted as set out in Section 2(a)(1) above).

- (b) For the purposes of the above, earnings shall mean basic monthly earnings (including isolation allowances where applicable) as at the date of disability. Basic monthly earnings for regular part-time employees shall be calculated on the basis of the employee’s average monthly hours of work for the 12 period or such shorter period that the employee has been employed, prior to the date of disability, multiplied by their hourly pay rate as at the date of disability.

The long-term disability benefit payment shall be made so long as an employee remains totally disabled and shall cease on the date the employee reaches age 65, recovers, dies, or the effective date of early retirement under this plan, whichever occurs first.

- (c) Employees who still have unused sick leave credits after the waiting period when the long-term disability benefit becomes payable shall have the option of:
  - (1) exhausting all sick leave credits before receiving the long-term disability benefit;
  - (2) using sick leave credits to top off the long-term disability benefit; or
  - (3) banking the unused sick leave credits for future use.

- (d) Employment status during the intervening period between expiration of sick leave credits and receipt of long-term disability benefits:

Employees who will be eligible for benefits under the Long-Term Disability Plan shall not have their employment terminated; following expiration of their sick leave credits they shall be placed on unpaid leave of absence until receipt of long-term disability benefits.

- (e) Employees are not to be terminated for non-culpable absenteeism, while in receipt of long-term disability benefits.

**Section 3 - Total Disability Defined**

- (a) Total Disability, as used in this Plan, means the complete inability because of an accident or sickness, of a covered employee to perform the duties of their own occupation for the first 19 months of disability. Thereafter, an employee who is able by reason of education, training, or experience to perform the duties of any gainful occupation for which the rate of pay equals or exceeds 70% of the current rate of pay for their regular occupation at the date of disability shall no longer be considered totally disabled under the Plan. However, the employee may be eligible for a Residual Monthly Disability Benefit.

(1) *Residual Monthly Disability Benefit*

The Residual Monthly Disability Benefit is based on 85% of their rate of pay at the date of the disability less the rate of pay (the minimum being equal to 70% of the current rate of pay for their regular occupation) applicable to any gainful occupation that the employee is able to perform. The Residual Monthly Disability Benefit will continue until the rate of pay (the minimum being equal to 70% of the current rate of pay for their regular occupation) applicable to any gainful occupation that the employee is able to perform equals or exceeds 85% of the rate of pay for their regular occupation at the date of the disability. The benefit is calculated using the employee’s monthly LTD net of offsets benefit and the percentage difference between the 85% of the employee’s rate of pay at the date of disability and the rate of pay (the minimum being equal to 70% of the current rate of pay for their regular occupation) applicable to any gainful occupation that they are able to perform.

*Example:*

(a)	Monthly LTD net of offsets benefit	=	\$1000 per month
(b)	85% rate of pay at date of disability	=	\$13.60 per hour

- |     |   |   |                  |
|-----|---|---|------------------|
| (c) | 70% of current rate of pay                      | = | \$12.12 per hour |
| (d) | Percentage difference $(\frac{[b/c]}{[a]} - 1)$ | = | 12.2%            |
| (e) | Residual Monthly Disability Benefit (a x d)     | = | \$122            |
- (b) (1) Total disabilities resulting from mental or nervous disorders are covered by the Plan in the same manner as total disabilities resulting from accidents or other sicknesses.
- (2) During a period of total disability an employee must be under the regular and personal care of a legally qualified doctor of medicine.
- (3) *Commitment to Rehabilitation*

In the event that an employee is medically able to participate in a rehabilitation activity or program that:

- (i) can be expected to facilitate their return to their own job or other gainful occupation; and
- (ii) is recommended by HBT or another Rehabilitation Service provider and approved as a Rehabilitation Plan, then,

the entitlement to benefits under the LTD Plan will continue for the duration of the Approved Rehabilitation Plan as long as they continue to participate and cooperate in the Rehabilitation Plan. If the Plan involves a change in own occupation, the LTD benefit period will continue at least until the end of the first 19 months of disability. In addition, the employee may be eligible for the Rehabilitation Benefit Incentive Provision.

The Rehabilitation Plan will be jointly determined by the employee (and, if the employee chooses, their union) and HBT or another Rehabilitation Service provider. In considering whether or not a rehabilitation plan is appropriate, such factors as the expected duration of disability, and the level of activity required to facilitate the earliest return to a gainful occupation will be considered along with all other relevant criteria. A rehabilitation plan may include training. Once the Rehabilitation Plan has been determined, the employee and the HBT or another Rehabilitation Service provider will jointly sign the Terms of the Rehabilitation Plan which will, thereby, become the Approved Rehabilitation Plan and the employee's entitlement to benefits under the LTD Plan shall continue until the successful completion of the Approved Rehabilitation Plan, provided the eligible employee is willing to participate and cooperate in the Approved Rehabilitation Plan. In addition, the employee may be eligible for any, or all, of the Rehabilitation Benefit Incentive Provisions.

(4) *Rehabilitation Review Committee*

- (i) In the event that the eligible employee does not agree:
- A. with the recommended Rehabilitation Plan, or
- B. that they are medically able to participate and cooperate in the Rehabilitation Plan as defined in the Terms of the Rehabilitation Plan, then, to ensure benefit entitlement under the LTD Plan, the employee must either:
- (1) be able to demonstrate reasonable grounds for being unable to participate and cooperate in a rehabilitation plan; or
- (2) appeal the dispute to the Rehabilitation Review Committee for a resolution.

(ii) During the appeal process, the employee's benefit entitlement under the LTD Plan shall not be suspended.

The Rehabilitation Review Committee shall be composed of three qualified individuals who, by education, training, and experience are recognized specialists in the rehabilitation of disabled employees. The committee members shall be composed of one employer nominee, one union nominee and a neutral chair appointed by the nominees. The purpose of the Rehabilitation Review Committee shall be to resolve the appeal of an eligible employee who:

- A. does not agree with the recommended Rehabilitation Plan; or
- B. does not agree that they could medically participate in the Rehabilitation Plan.

During the appeal process, the eligible employee's entitlement to benefits under the LTD Plan shall continue until the Committee has made its decision. The decision of the Committee shall determine whether or not the eligible employee is required to participate and cooperate in the Rehabilitation Plan approved by the Committee. In the event that the eligible employee does not accept the Committee's decision their entitlement to benefits under the LTD Plan shall be suspended until such time as the eligible employee is willing to participate and cooperate in the Approved Rehabilitation Plan.

(5) *Rehabilitation Benefit Incentive Provisions*

(i) An employee who has been unable to work due to illness or injury and who subsequently is determined to be medically able to:

- A. return to work on a gradual or part-time basis
- B. engage in a physical rehabilitation activity; and/or
- C. engage in a vocational retraining program

shall be eligible for any, or all, of the Rehabilitation Benefit Incentive Provision.

(ii) The intent of the provision is to assist the employee with a return to a gainful occupation. In many situations, an employee who returns to work by participating and cooperating in an Approved Rehabilitation Plan will be able to increase their monthly earnings above the LTD benefit amount. The objective of the Rehabilitation Benefit Incentive Provision is to promote the successful completion of the Rehabilitation as follows:

- A. The employee who, upon return to gainful rehabilitative employment under an Approved Rehabilitation Plan, will be entitled to receive all monthly rehabilitation earnings plus a monthly LTD benefit up to the amount set out in Section 2(A) of the appendix, provided that the total of such income does not exceed 100% of the current rate of pay for their regular occupation at the date of the disability;
- B. Upon successful completion of the Approved Rehabilitation Plan, the employee becomes an automatic candidate for all job postings with the Employer, and shall have the ability to bump under the collective agreement for positions that the employee is qualified and physically capable of performing;

C. Upon successful completion of the Approved Rehabilitation Plan, the LTD benefit period may be extended for a maximum of six months for the purpose of job search; and

D. The eligible employee shall be entitled to participate in the Job Exploration and Development program.

"*Rehabilitative employment*" shall mean any occupation or employment for wage or profit or any course or training that entitles the disabled employee to an allowance, provided such rehabilitative employment has the approval of the employee's doctor and the underwriter of the Plan.

If earnings are received by an employee during a period of total disability and if such earnings are derived from employment which has not been approved as rehabilitative employment, then the regular monthly benefit from the Plan shall be reduced by 100% of such earnings.

(6) *Joint Rehabilitation Improvement Committee*

During the term of the agreement, two persons selected by the HEABC shall meet the two representatives of the Association of Unions. The parties will work together to improve the Rehabilitation Process.

The Committee will have access to all relevant information available to the Trust to determine the cost savings experienced by the LTD Plan and as a result of the Rehabilitation Provisions.

#### **Section 4 - Exclusions and Limitations**

The Long-Term Disability Plan does not cover total disabilities resulting from:

- (a) war, insurrection, rebellion, or service in the Armed Forces of any country;
- (b) voluntary participation in a riot or civil commotion, except while an employee is in the course of performing the duties of their regular occupation;
- (c) intentionally self-inflicted injuries or illness.

#### **Section 5 - Integration with Other Disability Income**

In the event a totally disabled employee is entitled to any other income as a result of the same accident, sickness, mental or nervous disorder that caused them to be eligible to receive benefits from this Plan, the benefits from this Plan shall be reduced by 100% of such other disability income.

Other disability income shall include but is not limited to:

- (a) any amount payable under any *Workers Compensation Act* or law or any other legislation of similar purpose; and
- (b) any amount the disabled employee receives from any group insurance, wage continuation, or pension plan of the Employer that provides disability income; and
- (c) any amount of disability income provided by a compulsory *Act* or law; and
- (d) any periodic primary benefit payment from the Canada or Quebec Pension Plans or other similar social security plan of any country to which the disabled employee is entitled or to which they would be entitled if their application for such a benefit were approved; and

- (e) any amount of disability income provided by any group or association disability plan to which the disabled employee might belong to or subscribe.

Private or individual disability plan benefits of the disabled employee shall not reduce the benefit from this Plan.

The amount by which the disability benefit from this Plan is reduced by other disability income shall be the amount to which the disabled employee is entitled upon becoming first eligible for such other disability income. Future increases in such other disability income resulting from increases in the Canadian Consumer Price Index or similar indexing arrangements shall not further reduce the benefit from this Plan.

#### **Section 6 - Successive Disabilities**

If following a period of total disability with respect to which benefits are paid from this Plan, an employee returns to work for a continuous period of six months or more, any subsequent total disability suffered by that employee, whether related to the preceding disability or not, shall be considered a new disability and the disabled employee shall be entitled to benefit payments after the completion of another waiting period.

In the event the period during which such an employee has returned to work is less than six months and the employee again suffers a total disability that is related to the preceding disability, the subsequent disability shall be deemed a continuation of the preceding disability, and the disabled employee shall be entitled to benefit payments without the necessity of completing another waiting period.

Should such an employee suffer a subsequent disability that is unrelated to the previous disability and provided the period during which the employee returned to work is longer than one month, the subsequent disability shall be considered a new disability and the employee shall be entitled to benefit payments after the completion of another waiting period. If the period during which the employee returned to work is one month or less, the subsequent disability shall be deemed a continuation of the preceding disability and the disabled employee shall be entitled to benefit payments without the necessity of completing another waiting period.

#### **Section 7- Leave of Absence**

Employees on leave of absence without pay may opt to retain coverage under the Plan and shall pay the full premium. Coverage shall be permitted for a period of 12 months of absence without pay, except if such leave is for educational purposes, when the maximum period shall be extended to two years. If an employee on leave of absence without pay becomes disabled, their allowance under this Plan shall be based upon monthly earnings immediately prior to the leave of absence.

#### **Section 8 - Benefits Upon Plan Termination**

In the event this Long-Term Disability Plan is terminated, the benefit payments shall continue to be paid in accordance with the provisions of this Plan to disabled employees who became disabled while covered by this Plan prior to its termination.

#### **Section 9 - Claims**

Long-term disability claims shall be adjudicated and paid by a claims-paying agent to be appointed by the JCBT. The claims-paying agent shall provide toll free telephone access to claimants. In the event a covered employee disputes the decision of the claims-paying agent regarding a claim for benefits under this Plan, the employee may arrange to have their claim reviewed by a claims review committee composed of three medical doctors - one designated by the claimant, one by the Employer, and a third agreed to by the first two doctors.

Written notice of a claim under this Plan shall be sent to the claims-paying agent no later than 45 days after the earliest foreseeable commencement date of benefit payments from this Plan or as soon thereafter as is reasonably possible. Failure to furnish the required notice of claim within the time stated shall not invalidate nor reduce the claim if it was not reasonably possible to file the required notice within such time, provided the notice is furnished no later than six months from the time notice of claim is otherwise required.

### **Section 10 - LTD Plan Early Retirement Incentive Provision**

The LTD Plan Early Retirement Incentive Benefit is to ensure that the eligible employee will not realize a pension benefit that is less than the pension benefit that they would have been entitled to receive at the normal retirement date, had they not applied for early retirement, regardless of when the early retirement incentive provision is activated.

*Effective March 18, 2014:* Employees who apply for ERIB may choose to continue to maintain the Extended Health Benefit plan and Dental plan coverage to age 65.

The premiums will be cost shared by the Employer and employee on a 50 - 50 basis provided the employee pays their portion of the premium for such coverage in advance, on a monthly basis.

- (a) An employee under this agreement who is:
- (1) eligible for, or who is receiving LTD benefits;
  - (2) presently participating in a superannuation plan under an employer-specific memorandum of agreement and is eligible for early retirement pension benefits under that plan; and
  - (3) not eligible for the LTD Plan Rehabilitation Provisions;

shall apply for early retirement.

The employee's entitlement to benefits under the LTD Plan shall, provided the employee remains eligible as per the definition of Total Disability, continue during the period of time that their application for early retirement is being processed with their pension plan administrator. In the event that the employee is not eligible for an unreduced pension benefit, they may still be eligible for the LTD Plan Early Retirement Incentive Benefit.

- (b) Entitlement to and the amount of the LTD Plan Early Retirement Incentive Benefit shall be determined by considering the following factors:
- (1) the amount of the monthly pension benefit that the employee would have been entitled to receive if early retirement was not elected;
  - (2) the amount of the monthly early retirement benefit that the employee will receive;
  - (3) the amount of the gross monthly LTD benefit that the employee is entitled to receive;
  - (4) the amount of the net-of-offsets monthly LTD benefit that the employee is entitled to receive; and,
  - (5) the maximum LTD benefit duration period applicable to the employee.

If the combination of applicable superannuation benefit, Canada Pension Plan retirement benefit and any other disability income referred to in Section 5 of the LTD Appendix results in monthly income of less than the LTD monthly income benefit, then the eligible employee shall be entitled to remain on LTD benefits.

(c) An employee who is eligible for the LTD Plan Early Retirement Incentive Benefit shall be entitled to receive the benefit in a lump sum, or direct the Healthcare Benefit Trust to any other designate. The employee shall complete an LTD Plan Early Retirement Incentive Benefit Application. Upon approval of the employee's application, the employee and the Healthcare Benefit Trust will jointly sign the Terms of the LTD Plan Early Retirement Incentive Benefit and the employee and the members of the Joint LTD Plan Early Retirement Incentive Committee shall sign the LTD Plan Early Retirement Incentive Agreement on behalf of the parties to the collective agreement.

(d) All eligible employees who are entitled to the LTD Plan Early Retirement Incentive Benefit shall be entitled to the continuation of the Life Benefit coverage in effect until age 65 years or death, whichever is earlier.

(e) *Joint Early Retirement Improvement Committee*

Within six months of the ratification of this agreement, two persons selected by the HEABC shall meet with two representatives of the Association of Unions. The parties will work together to improve the early retirement incentive process.

The Committee will have access to all relevant information available to the Trust to determine the cost savings experienced by the LTD Plan as a result of the Early Retirement Incentive Provisions.

## **Section 11 - Return-to-Work Programs**

### *Preamble*

The parties recognize that prevention of injuries and rehabilitation of injured employees are equally important goals. The parties further recognize that return to work programs are part of a continuum of injury prevention and rehabilitation.

### *Pay and Benefits*

An employee involved in a return to work program will receive pay and benefits as set out below.

Employees participating in a return to work program for 15 hours or more per week are entitled to all the benefits of the agreement, on a proportionate basis, except for medical, extended health and dental plan coverage, which shall not be prorated.

Wage entitlement, when participating in the program, will be consistent with the terms of the agreement and are outlined below:

(a) Employees who have no accumulated sick leave credits and who have been granted an unpaid sick leave and/or who are awaiting acceptance of an LTD claim:

Receive pay and appropriate premiums for all hours worked in the program. Medical, dental, extended health coverage, group life and LTD premiums and superannuation payments are reinstated on commencement of the program and all other benefits are implemented when working 15 hours or more per week.

(b) *Employees in receipt of LTD benefits:*

These employees are considered disabled and under treatment. These employees receive pay for all hours worked. The LTD Plan will pay for hours not worked at two-thirds of current salary. Benefits will be reinstated in the same manner as set out in (a) above except Group Life and Long-Term Disability Insurance Plan premiums may continue to be waived as outlined in the Appendix - Long-Term Disability Insurance Plan.

### *No Adverse Effect on Benefits*

An employee's participation in a return to work program will not adversely affect an employee's entitlements with respect to long-term disability. Participation in a program will not delay entitlement to LTD benefits, except as otherwise provided in the Long-Term Disability Appendix.

The period that the employee is involved in a return to work program shall be considered as part of the recovery process and will not be used or referred to by the Employer in any other proceedings, other than proceeding under the Long-Term Disability Appendix (Claims Review Committee and Rehabilitation Review Committee).

**INFORMATION APPENDIX #4**  
**Portability Plus**

On December 11, 2006 and September 16, 2009, a copy of the following letter was provided to the Community Bargaining Association which reflected Health Authority and Providence Health Care Society (PHC) practice regarding portability between Bargaining Associations at Health Authority Employers and PHC. This letter shall continue to apply to CBA employees unless revoked in writing by HEABC upon 60 days notice.

The following text is reproduced from the 2009 letter. If there is any discrepancy between the original letter and this information appendix, the original letter shall apply.

Re:     Transfer to Different Bargaining Unit Within Same Employer  
        Portability of Service and Seniority  
        Health and Welfare Benefit Plan Coverage Upon Transfer

I am writing to confirm the Health Authorities' recent consensus in relation to porting service credits and seniority for regular status employees who transfer between collective agreements within the same Health Authority (e.g., from the Facilities Subsector to the Nurses' Sector). I am also writing to confirm the Health Authorities' subsequent consensus on health and welfare benefit plan coverage upon transfer.

The initial consensus reached is as follows: on Health Authority initiated transfers, regular status employees who move between collective agreements in the Health Sector port all of their service-related credits and seniority. This is consistent with the application of the previous "*portability plus*" understanding, allowing for service and seniority (converted to hours or a date, as applicable) to transfer with a regular status employee upon transfer to a different worksite of the Health Authority post-displacement. On the other hand, on employee initiated transfers between Health Sector Collective Agreements (e.g. when an employee bids on a posting in a different Sector or Subsector of Health), all service-related credits are transferred with the regular status employee, but not seniority.

A subsequent issue was then identified in relation to these employees being subject to the waiting periods for health and welfare benefits as identified in the collective agreements. As discussed, under the collective agreements, there are no provisions for seamless health and welfare benefit coverage for a regular status employee who transfers from one bargaining unit to another. They are subject to the same waiting periods for coverage as are new hires.

Some of the collective agreements do provide for a measure of portability of health and welfare benefits when an employee moves between Employers within the same collective agreement. For example, Article 51.02 (D) of the Nurses' Provincial Collective Agreement allows for coverage in the Medical, Dental and Extended Health Plans to commence on the first day of the month following the date of initial employment at the "*new*" Employer.

On November 7, 2006, the Health Authorities reached a subsequent consensus that they would provide a similar benefit to regular status employees who transfer between bargaining units at the same Health Authority for the Community, Facilities, Nurses, and Health Science Professionals Collective Agreements, in that all health benefit coverage would commence on the first of the month following the date of transfer. In order to receive this benefit, the employee must not have any break in their employment prior to the effective date of transfer. This consensus will continue to support recruitment, retention, staff development, and staff satisfaction for regular status employees seeking alternate employment within the same Health Authority. We understand that the shorter waiting period will have limited financial implications.

The Health Authorities will be aiming to implement this without prejudice change of practice for eligible employees who transfer on or after January 1, 2007, notwithstanding that this benefit is not provided in the collective agreements.

By separate correspondence attaching this letter, the Bargaining Associations will be advised of this development. We are also copying the Healthcare Benefit Trust to advise it of this anticipated change in practice, in that regular status employees who transfer between collective agreements within a Health Authority with no break in employment are to be enrolled in the Dental, Extended Health, LTD, and Group Life/AD&D benefits on the first of the month following the date of transfer.

## **MEMORANDUM OF AGREEMENT #1**

### **Enhanced Disability Management Program (EDMP) - Terms of Reference**

#### ***Section A - General Principles and Application***

The purpose of the Enhanced Disability Management Program (EDMP) is to facilitate an employee-centered, proactive, appropriate and customized disability management program for employees with occupational and non-occupational illness/injury.

Employees who participate in the program will benefit from a holistic Case Management Plan (CMP) that may include medical intervention, transitional work (TW), a graduated return to work (GRTW), workplace modifications, vocational rehabilitation and/or retraining.

#### **1. Elements of the EDMP**

1.1 A CMP will be developed for all employees who participate in the EDMP and will include milestones and expected outcomes. An employee's CMP will be based on the assessment of factors such as prognosis, capabilities and limitations, skill and education, and the likelihood of a return to work. The CMP is intended to provide early, appropriate and ongoing support for ill or injured employees. The EDMP process sets out regular reviews and monitoring of individuals and is intended to provide a more seamless process for employees returning to work or requiring support from the Long-Term Disability (LTD) Plan while in receipt of benefits.

1.2 The LTD Plan is available to employees who meet the LTD eligibility requirements. In circumstances where the employee's absence results in an employee receiving an LTD benefit, this benefit will be part of the employee's CMP.

1.3 The EDMP shall be made up of this Memorandum, the Policies and Procedures, and the Case Management Dispute Resolution Process. The Policies and Procedures document can be updated as necessary, by the Provincial Steering Committee (PSC).

#### **2. Effective Date**

2.1 The EDMP will be effective no later than April 1, 2014.

2.2 The EDMP shall address all phases of the disability management process and will replace existing collective agreement provisions related to early intervention program (MOA#1) for all employees with a date of disability on or after April 1, 2014. Unless otherwise mutually agreed by the parties, existing collective agreement provisions related to early intervention, will continue to apply to employees with a date of disability prior to April 1, 2014.

**3. The Goal of EDMP is to:**

- 3.1 Provide early, appropriate and ongoing support so that ill/injured employees maintain their connection with the workplace and return to work in a safe and timely manner.
- 3.2 Provide support to employees who are struggling at work when participation in this program could reasonably prevent the employee from being off work.
- 3.3 Provide appropriate, caring professional case management of the ill/injured employee's medical, personal, workplace and vocational issues to facilitate a timely return to work.
- 3.4 Promote a safe, accessible and healthy workplace.
- 3.5 Encourage health promotion and employee wellness.
- 3.6 Reduce the cost of sick, long-term disability (LTD) leaves and WorkSafeBC (WSBC) leaves.

**4. Overriding Principles**

- 4.1 Improvements in disability management processes will be jointly developed, implemented and administered.
- 4.2 Disability management is intended to facilitate early intervention, effective rehabilitation, stay at work and early return to work programs.
- 4.3 Reasonably addresses barriers to return to work - medical, personal, vocational and/or workplace.
- 4.4 Emphasis will be placed on developing a program that responds in a timely manner. The earliest possible intervention, to enable a safe and timely return to work, is in the best interest of an employee who is disabled.
- 4.5 Prevention and disability management processes will be evidence based, continuous and integrated.
- 4.6 EDMP processes, including rehabilitation, will potentially apply to all incidents of inability to work as a result of illness, injury, disability or impairment.
- 4.7 All regular employees who are off work with a work-related illness/injury shall be referred to the program on the first day of their illness/injury. All regular employees who are off work due to a non-work-related illness/injury shall be referred to the program after an absence of five consecutive shifts. Participation in this program is required for these regular employees unless there is a bona fide reason to decline.
- 4.8 EDMP will be compliant with legislation and regulations (e.g. *Workers Compensation Act*, human rights legislation, including duty to accommodate and privacy laws), and the collective agreement.
- 4.9 Confidential medical information will be protected.
- 4.10 Disability management is most effective when delivered as close to the workplace as possible.
- 4.11 The CBA will have access to all the necessary data and reports to ensure effective delivery of EDMP to its members.
- 4.12 An effective system-wide evaluation will be implemented. This requires the development of a framework, determining key metrics and identifying the frequency of data sharing.

4.13 Effective disability management is intended to reduce costs and should recognize that a cost/benefit analysis of individual situations may be required.

## **5. Governance and Administration**

### *5.1 Provincial Steering Committee (PSC)*

5.1.1 The PSC will be made up of eight representatives of HEABC and its members, and eight representatives of the Association.

5.1.2 The PSC will be the governing body and will carry out its roles and functions in accordance with the EDMP, and will establish a sufficient number of Working Groups to oversee the day to day operation of the program.

## **11. Case Management**

11.1 Eligible employees will benefit from a holistic CMP that may include medical intervention, transitional work, graduated return to work, workplace modifications, vocational rehabilitation,

and/or retraining. All CMPs will be developed in accordance with the EDMP. The CMP will be based on the assessment of factors such as prognosis, capabilities and limitations, skill and education, and likelihood of a return to work.

11.2 Upon successful completion of CMP, an employee will return to their own job unless it is identified in the CMP that an employee cannot return to their own job. An employee who cannot return to their own job will be treated in a manner consistent with Box 5 of the Policies and Procedures.

13.2 Participation in a GRTW is contingent upon clearance from the appropriate medical professional. The GRTW shall be considered as part of the treatment/rehabilitation process under the EDMP. All employees engaged in a GRTW shall be supernumerary.

13.3 A written GRTW for the employee will include:

13.3.1. An overview of the employee's GRTW, including its expected outcome and end date, and

13.3.2 The number of phases, their duration and the number of hours to be worked per shift in each phase.

**14. Wages and Benefits on a GRTW as part of a CMP**

14.1 Employees will receive pay and appropriate premiums for all hours worked. Sick, vacation or banked time off, if available, may be used for hours not worked.

14.2 Benefits under Article 25 are reinstated on commencement of a GRTW and continue while the employee is actively participating in the program.

14.3 All other benefits of the collective agreement accrue on a proportionate basis.

**MEMORANDUM OF AGREEMENT #2  
EDMP Forms**

The parties agree in principle that the Ready Award (re: Facilities Bargaining Association EDMP, May 2, 2013) will form the basis of the forms used for EDMP in this sector.

4. A minimum of 70% of the Disability Management Representatives must be regular full-time and the remaining Disability Management Representatives may be regular part-time between 0.5 and 0.9 FTE.
5. Union Disability Management Representatives shall be granted unpaid union leave unless it would unduly interrupt the Employer's operations. In the event an employee becomes a Disability Management Representative, the Employer shall hold the employee's position for a period of two years. Thereafter, an employee may exercise bumping rights in accordance with Article 13.3.
6. At HEABC'S request, the CBA will provide HEABC with a report no more than once per year outlining the total allocation of the Fund.

The parties acknowledge the need for a provincially coordinated and integrated effort to improve the health and safety of health care workers and to establish systems to implement the shared objectives below:

And where as the BC Health Care Occupational Health and Safety Society (currently known as SWITCH BC) was jointly established in November 2020 to provide the organizational basis for an innovative and collaborative initiative to influence, invest in and support province wide initiatives to improve health care worker health and safety. - Transparency;
- Evidence based decision making; and
- Accountability/Commitment (Compliance).

Therefore, the parties agree as follows:

2. The parties will assist SWITCH BC in securing sources of ongoing funding.
3. HEABC will contribute a sum of \$250,000 per annum to CBA for occupational health and safety initiatives. #### **MEMORANDUM OF AGREEMENT #5 Online Resiliency Training**

HEABC recognize the importance of strengthening the skills and capacities of employees to manage life challenges, workplace stressors, and incidents at work so that they can strive towards maintaining a positive state of mental health and wellness as challenges arise. In other words, the Parties recognize the importance of equipping employees with the tools and skills to support resiliency.

In order to support the resiliency skills of CBA members, the parties developed the Online Resiliency Training ("ORT") to teach or strengthen skills and capacities for workers to manage life challenges, workplace stressors, and incidents at work so as to maintain mental wellbeing. An annual amount of \$50,000 will be provided for the ongoing evolution, management and sustainability of the ORT.

HEABC will consult with the CBA to develop methods to measure efficacy including the reduction of mental health related absences.

The ORT is housed in the Learning Hub as a central point of access. It is open to all public sector health care works in BC who have access to the Learning Hub.

It is not intended to be mandatory, but rather to be taken at the option of an employee. If any employer requires employees take the ORT, such a requirements shall be made in accordance with all relevant terms of the collective agreement, including Article 19 - Education Leave. In such situations, Employers will have the flexibility to deliver the training in a manner that they choose.

Finally, Employers will have the option to offer this training to employees within other bargaining associations within the health sector.

2. *Variances*

(a) The non-monetary provisions of the collective agreement will become effective two months from the date of the variance issued by the Labour Relations Board.

(b) The monetary provisions of the collective agreement will become effective four months from the date of the variance issued by the Labour Relations Board.

The above will not apply to variances of a strictly administrative nature.

3. Newly certified employees will be paid at the applicable benchmark rate of pay at the time that they are standardized/levelled to the collective agreement.

4. There shall be no superior benefits maintained by any employee who is standardized/levelled to the provincial collective agreement by virtue of the application of the foregoing provisions

#### **MEMORANDUM OF AGREEMENT #7 Certain Existing Collective Agreement Provisions**

1. Hours of work and scheduling provisions maintained under the 1998-2001 memorandum regarding certain existing collective agreement provisions shall be continued on the terms set out in Article 14.2(c) and/or (g) (Hours of Work).

2. STIIP provisions maintained under the 1998-2001 memorandum regarding certain existing collective agreement provisions shall be continued and incorporated into employer-specific memoranda.

3. The parties shall review all employer-specific attachments and memoranda within four months following the date of ratification of the collective agreement. This review shall be governed by the principle that where a benefit provided under the collective agreement meets or exceeds the corresponding benefit provided under an employer-specific attachment or memorandum, the applicable provision(s) of the employer-specific attachment or Memorandum shall be deleted.

The parties shall make best efforts to ensure that all employer-specific attachments and memoranda include the clear terms regarding benefits provided in the MOA.

If the parties are unable to reach an agreement on all outstanding attachments and memoranda by four months following the date of ratification, Vince Ready shall act as mediator/arbitrator. In this capacity, Vince Ready shall apply the principle set out above.

**MEMORANDUM OF AGREEMENT #8**  
**Wage Protection and Standardization/Grandparenting**

1. A number of regular employees were wage protected upon the implementation of the Job Classification Plan on May 2, 2003, for as long as they remained in their current positions. Their wage rates are to remain frozen until such time as the classification rate for their position meets or exceeds their frozen rate or the employee leaves the currently held position. The parties agree that the wage protected employee will extend their wage protection in the event that the employee chooses to post into a position that is classified the same or higher than the currently held position.

The parties acknowledge the need to maintain the principles established in the Job Classification Plan in relation to the freezing of wage rates for employees who are paid in excess of Schedule B (Wage Schedule). However, the parties agree that for such employees the following adjustments will be made during the term of this collective agreement only, on a without prejudice and precedent basis.

a) Wage protected employees will receive a special adjustment on the base rate equal to the general wage increases granted to employees covered by Schedule B (Wage Schedule) to the point of recovery of the 2004 wage roll-back (up to the hourly wage rate paid as of March 31, 2004). In the event the entirety of the special adjustment is not required to achieve the recovery, the remainder of the special adjustment for that year will be provided to the employee as a lump sum payment in accordance with b) below. In the third year of the collective agreement, wage protected employees will receive a special adjustment equal to the general wage increase granted to employees covered by Schedule B (Wage Schedule).

b) In the fiscal year(s) during which no special adjustment is provided, wage protected employees will receive a lump sum payment at the end of each quarterly period. The lump sum payment would be paid in the first full pay period after the conclusion of each quarterly period. This lump sum will be calculated on the basis of the general wage increase available to employees covered by Schedule B (Wage Schedule) multiplied by the employees' hourly rate multiplied by their straight-time paid hours between the last pay period on or before the beginning of the quarterly period and the last pay period on or before the end of the quarterly period. To be eligible for the lump sum payment, these employees must be employed during the quarterly period for which the lump sum is payable, and their frozen wage rate must exceed the Schedule B (Wage Schedule) wage rate for that quarterly period. Payment for partial quarters will be prorated. For greater clarity, should an employee's wage rate be governed by Schedule B (Wage Schedule) part way through the calculation period, the lump sum payable will be calculated up to the date that Schedule B (Wage Schedule) applies.

2. *Grandparenting* - Effective the date of ratification (May 1, 2006), no superior benefits provisions shall apply to any employee who does not currently receive them. For clarity, this proposal does not apply to provisions that are based on operational or service needs.

This grandparenting provision will not apply to employees hired pursuant to the Riverview Redevelopment Location Memorandum of Agreement dated June 9, 2004 which continues to remain in effect for those employees. Employees hired on or after April 1, 2006 will be entitled to retain their base

wage rate last paid while in the Public Service if it exceeds the applicable classification wage rate under Schedule B (Wage Schedule).

**MEMORANDUM OF AGREEMENT #9**  
**Implementation of Article 15 for Newly Certified Employers**

1. Until replaced by Article 15 (Hours of Work and Scheduling-Community Health Workers) of the collective agreement in accordance with this Memorandum, the Employer shall continue to operate in a manner consistent with its past practice.
2. No later than 90 days following the date of ratification of the collective agreement or 90 days following the date of certification, whichever is later, the Employer shall confirm the number of regular positions to be created under Article 15.4(a)(2) (Scheduling of Hours). For each regular position, the Employer shall identify the days of work, 10-hour period of availability and weekly maximum hours. The employees and the union designate shall be provided with the foregoing information.
3. Subject to their qualifications, employees shall have the right to select regular positions in order of seniority. Where a particular regular position is identified by the Employer as having been created for the purpose of providing service to a specific client or client group, the qualifications for such position may include the ability to meet the specific needs of that client or group in accordance with Article 12.9(b) (Selection Criteria) and Article 15.4(b) (Scheduling of Hours).
4. Employees who do not obtain a regular position through this process shall be entitled to register for casual work in accordance with Article 29 (Casual Employees).
5. No later than 30 days following the completion of the process set out in (3) above, the Employer shall commence the assignment of hours in accordance with the provisions of Article 15 (Hours of Work and Scheduling-Community Health Workers).
6. The Employer shall provide the union designate with a list of all employees including the following information:
  - (i) status;
  - (ii) classification;
  - (iii) days of work (for regular employees only);
  - (iv) daily period of availability (for regular employees only);

**MEMORANDUM OF AGREEMENT #10**  
**Joint Provincial Health Human Resources Coordination Centre (PHHRCC) - Bargaining Association  
Consultation Forum**

Social, environmental, demographic, and economic factors are increasing the demand for healthcare within British Columbia. To deliver the required services a skilled and engaged workforce is required. That workforce is integral to a robust, accessible public system with the ability to rapidly respond to key challenges.

The past few years have been a time of unprecedented change and challenge for B.C.'s health workforce. It is important for the system to have a coordinated approach to identify important themes, address challenges, and build upon existing resources to create a sustainable, equitable, and effective healthcare system.

To effectively deliver on this work the Ministry of Health has established a new Provincial Health Human Resources Coordination Centre (PHHRCC) with membership from the Ministry of Health, Health Sector Workforce and Beneficiary Services Division, regional health authorities, the Provincial Health Services Authority, the Health Employers Association of B.C., and the First Nations Health Authority. The PHHRCC reports to Leadership Council.

The PHHRCC is intended to bring significant focus, attention and discipline to key provincial-level human resource planning activities and initiatives. It will identify strategic actions, develop implementation plans for key approaches, and provide governance, oversight and monitoring of the implementation of these plans. The PHHRCC will look at both intermediate and long-term strategies and actions, as well as address urgent challenges through immediate action, including a focus on supporting Indigenous workers and supporting development of a culturally safe workplace.

In furtherance of the work of the PHHRCC, the Ministry of Health wishes to create a forum for input from Unions. To that end, on a regular basis the Ministry will convene a joint PHHRCC - Bargaining Association consultation forum for the following purposes:

1. Seek input from the Bargaining Associations on evolution and implementation of the Provincial Health Human Resource (HHR) Strategy
2. Seek input from the Bargaining Associations on issues facing their members with respect to HHR plans, including a specific focus on supporting equity and diversity in the workforce and advancing the recommendations set out through *In Plain Sight*.
3. Seek input from the Bargaining Associations on specific initiatives and plans, including a specific focus on strategies or actions to support the retention of the workforce, including mental health and wellness.
4. Consult with the Bargaining Associations on other initiatives that may be considered by PHHRCC.

PHHRCC acknowledges the mutual covenants binding the Parties (HEABC and the CBA) through the terms and conditions of the Collective Agreement. When enacting activities and initiatives, PHHRCC shall give recognition to the process for amending these terms and conditions.

The Ministry of Health will convene the Forum and present the Terms of Reference for input prior to finalization by the Ministry.

The Ministry intends for this Forum to serve all interested parties in the provincial health care sector, not only the Community Subsector. To that end, the Ministry will make efforts to promote participation in the Forum on a provincial and sector-wide basis.

The Ministry of Health shall hold the Forum semi-annually, or more frequently as deemed necessary.

#### **MEMORANDUM OF AGREEMENT #11 CBA Provincial Recruitment and Retention Working Group**

The parties agree that addressing the recruitment and retention of CBA members is a priority for the health sector. The parties also agree that recruitment and retention must contribute to a workplace based on the principles of diversity, equity and inclusion, and support health care system transformation.

Accordingly, the parties have established a CBA Provincial Healthcare Recruitment and Retention Working Group (the "*Working Group*"). The Working Group will meet quarterly (or as otherwise agreed), and is comprised of:

- one representative from HEABC;
- two senior level representatives from HEABC member organizations;
- three representatives from the CBA; and,
- One senior representative from the Ministry of Health.

The Working Group will consider relevant and available aggregate/anonymized data regarding diversity, equity, inclusion, and MOH identified professions and will develop a list of comprehensive recruitment and retention recommendations, which will be presented to the Provincial Health Human Resources Coordination Centre (PHHRCC). The Working Group may provide updated recommendations as appropriate.

The Working Group may create sub-committees to develop recommendations on specific issues in this Memorandum of Agreement.

To that end, the Working Group will:

- develop terms of reference including a process for an alternating chair;
- gather all necessary data and information in advance of the Working Group's meetings;
- engage and consult stakeholders;
- identify recommendations for issues related to changing models of care that impact health care workers;
- prioritize initiatives to address recruitment and/or retention issues for professions covered by the CBA;
- consider initiatives to foster attractive work environments and foster employee engagement to address identified recruitment and retention issues;
- identify recommendations for education at post-secondary institutions; and,
- consider opportunities for redeployment of workers displaced from the bargaining unit by health system restructuring.

#### **MEMORANDUM OF AGREEMENT #12 Suspension of Drivers' Licences**

The parties agree to the following conditions as they relate to an employee's loss of a driver's licence.

Where an employee, who is required to hold a valid driver's licence as a condition of employment, has their driver's licence suspended for reasons that do not lead to disciplinary action by the Employer, the Employer shall make a reasonable effort to find alternate work for the employee.

When alternate work cannot be found, the employee will be granted, during their employment, a one-time leave of absence without pay for a period of up to one year immediately following the date on which their licence has been suspended.

Upon completion of the leave of absence and subject to the reinstatement of the employee's licence, the employee will be reinstated. Should the employee not return immediately following the approved leave of absence, the Employer shall have just and reasonable cause for dismissal.

**MEMORANDUM OF AGREEMENT #13**  
**Human Resource Staffing Strategies**

The parties recognize that certain non-direct resident/client care duties performed by registered nurses and/or paramedical professionals could also be performed by members of the Health Services and Support Community Subsector bargaining unit at various worksites and that this may be an important part of a comprehensive program to address human resource staffing strategies.

In discussions at the local level, the Employer and the Union will consider the feasibility of some non-direct resident/client care work currently being performed by registered nurses and/or paramedical professionals being performed by employees in the Health Services and Support Community Subsector bargaining unit. Such discussions will include representatives of any other affected unions.

**MEMORANDUM OF AGREEMENT #14**  
**Employee and Family Assistance Programs**

The parties will establish a subcommittee of three representatives each to explore the concept and benefits of an Employee and Family Assistance Plan(s) for the Community Health Subsector. The subcommittee will develop recommendations on EFAP(s) to the parties.

The subcommittee shall meet within six months of ratification of the collective agreement to commence discussions.

**MEMORANDUM OF AGREEMENT #15**  
**Wage Status of CHWs Paid CHW II Rate**

Community Health Workers currently paid at the CHW II rate for all hours worked pursuant to an existing memorandum of agreement shall continue to be paid on that basis for as long as the employees maintain their employment with their current employer.

**MEMORANDUM OF AGREEMENT #16**  
**Employment Opportunities**

- (a) The terms of this priority access to available vacancies for regular employees will be as follows:
- (1) The receiving employer will determine the number and manner of vacancies created in the program.

An employee whose placement is found to be unsuitable during the qualifying period, or an employee who requests to be relieved during the qualifying period, shall return to the recall list with the previous employer for the remainder (if any) of the recall period.
  - (6) Displaced employees, on the basis of seniority, will have priority for consideration for vacancies, regardless of which of the two employers the displaced employees come from.
  - (7) If hired, displaced regular employees will receive portable benefits in accordance with Article 11.4 (Re-Employment) and port their seniority.
  - (8) Such employees will receive the terms and conditions of employment and be represented by the union that exists at the recipient employer.   - (6) if hired, such employees will retain their seniority. Provided that such employees successfully complete their probationary period, their wage increment step will be ported. Future increment progression will be based on accumulated hours of service with the new employer.

This memorandum of agreement will expire and be extinguished for all purposes on March 30, 2022.

**MEMORANDUM OF AGREEMENT #17**  
**Consequences of Contracting Out/Re-Tendering by Health Authorities**

1. For the purposes of this memorandum of agreement, contracting out occurs when employees are laid off as a direct result of their employer contracting out work presently performed by employees covered by the collective agreement and where employees are not re-employed by another employer covered by this collective agreement ("*Contracting Out*").

2. Re-tendering occurs when employees are laid off as a direct result of a Health Authority re-tendering a contract for services previously held by an employer and when the successful proponent of the contract for services is not a party to the Community Subsector collective agreement and where employees are not re-employed by another employer covered by this collective agreement ("*Re-Tendering*").
3. Following layoffs due to contracting out or re-tendering, a summary of activity will be generated and a copy provided to the Community Bargaining Association.
4. Health sector employers will limit contracting out/re-tendering that results in the layoff of members of the Community Bargaining Association to 500 full-time equivalents between April 1, 2019 and March 30, 2022.
5. Laid off employees will be entitled to the following severance pay: one week for every year of service to a maximum of 20 weeks' pay, prorated for regular part-time employees.
6. An employee's service shall be calculated on the basis of their continuous employment as a regular status employee. Length of service for a regular employee shall include straight-time paid hours as defined by Article 11.1(b) (Seniority Defined). Length of service for a regular part-time employee shall be calculated as follows:
  - a) Total straight-time hours paid divided by full-time weekly hours, then
  - b) Weeks of service to be divided by 52 weeks to give years of service for the purpose of the severance pay.
7. No severance is payable where an employee, before or during their recall period, finds another job (for example, by bumping, posting into a vacancy, or by registering as a casual employee) with the same or another health sector employer within the same or another bargaining unit.
8. The severance allowance shall be paid upon the conclusion of the employee's recall period. Alternatively, only in the case of contracting out, it may be paid upon an employee's waiver of rights to recall, in which case it will be payable upon the conclusion of the employee's notice period or waiver of rights, whichever is later.
9. In the case of re-tendering, a displaced employee who has no bumping or vacancy posting options available at their current employer shall be entitled to apply for registration as a casual employee in any job classifications within a single collective agreement employer of a health authority in accordance with the Employment Opportunities memorandum of agreement.
10. This memorandum of agreement will expire and be extinguished for all purposes on March 30, 2022.

1. access unfilled vacancies as per Labour Relations Board Decision No. B274/2002;
2. exercise bumping options as per Labour Relations Board Decision No. B274/2002;
3. be placed on the recall list and also have their name placed on a casual list at any one worksite within the employee's geographic location or within any other area constituting a reasonable commuting distance as may be agreed upon by the Employer, and have their seniority transferred to the new worksite. Employees can access casual work without forfeiting recall rights;
4. A laid off employee may be recalled to an available position within DSLA.

*Note: In addition to the options arising out of the DSL's, displaced employees still retain the option to bid on vacancy postings within their own worksite/program.*

**Part 2**

Employees who work at multiple worksites within the DSL Area shall have multiple seniority entries recorded on the DSL, consistent with their seniority at each worksite.

Employees with, for example, regular positions at two worksites will appear on the list twice. Should that employee be bumped, they would only be removed from the single position targeted at the particular worksite. Similarly, an employee holding regular positions at two worksites who is displaced at one worksite would only exercise seniority options based on seniority accumulated at that worksite.

If an employee has regular part-time positions at two worksites within the DSLA, is displaced from worksite A, and moves to the casual list at worksite B, the seniority hours are added together at worksite B, as the seniority is transferred from worksite A to B. Similarly, if a regular part-time employee who also accesses casual assignments at worksite A, is displaced and secures a regular position at worksite B within the DSLA, they cannot maintain their seniority at worksite A as it will have been transferred to worksite B. An employee cannot port seniority and simultaneously maintain it at the worksite from which they were displaced.

**Part 3**

The priority order for the filling of vacancies at a "collective agreement employer" is outlined in Article 12.3 (Job Posting Process and Regional Postings) of the collective agreement.

**Part 4**

The following identifies how the dovetailing of seniority within the DSL Area will operate:

1. For all purposes other than the exercise of displaced employee options, the "*collective agreement employer*" seniority continues to be measured in accordance with Article 11.1 (Seniority Defined) and MOA #6 (Wage Protection and Standardization/Grandparenting) of the CSA.
2. For the purpose of creating a dovetailed seniority list only, and the exercise of displacement options pursuant to it, all employees' seniority will be measured in accordance with Article 11.1 (Seniority Defined) of the CSA.
3. Should an employee be transferred or exercise options upon displacement pursuant to BCLRB No. B274/2002, and end up at another worksite with a different seniority measurement, the employee's seniority will be converted to the seniority measurement prevailing at that other worksite (i.e. Applying Article 11.1 (Seniority Defined) or the employee's hire date). For all subsequent seniority applications pursuant to the CSA, the seniority of that employee will be measured in the same way as it is for other employees at the worksite (e.g. For the purpose of future job postings, vacation scheduling, etc. so that there is a common measurement between employees in the bargaining unit).

**Part 5**

There is no qualifying period, as per BCLRB No. B8/2003, for employees exercising their displacement options.

**MEMORANDUM OF AGREEMENT #19**  
**Health Authority Wide Seniority Consolidation**

This Agreement applies to all Health Authorities. All provisions of the collective agreement continue to apply except as herein modified.

This Agreement is intended to facilitate the movement of employees across work locations within a single Health Authority. This will be achieved by creating one merged dovetailed seniority list covering all members of the CBA employed within the Health Authority.

The consolidation of seniority lists will be completed no later than April 1, 2023 (or 10 months from the date in section B(1), whichever is later) and will be implemented the following pay period (the "*Implementation Date*").

This Agreement is also intended to enable employees to transfer earned benefits and entitlements when transferring positions within a Health Authority.

The parties agree to facilitate the creation and administration of single seniority lists as follows:

A) *Definition*

1. For the purpose of this Memorandum:

Health Authority Employer or HA Employer' includes any employer with its common name listed in Appendix 1 of the CBA Provincial collective agreement (the "*collective agreement*") that has one of the Health Authorities as its legal name.

B) *Mobility within a Health Authority*

1. Effective 120 days after ratification by both parties, an employee who leaves their position or removes their name from a casual list at an HA Employer ("*Employer A*") and begins a new position or is added to a casual list within 90 calendar days at another HA Employer ("*Employer B*") within the same Health Authority, shall transfer all seniority, benefits, increment step, and accruals accumulated (where applicable) at Employer A to Employer B as if those two employers were the same employer under Appendix 1 of the collective agreement. Employees leaving a regular position at Employer A who retain casual status at Employer A will not be entitled to transfer seniority, benefits, increment step, or accruals to Employer B.

For greater clarity: seniority, benefits, increment step, or accruals cannot be applied at two separate HA Employers at the same time.

2. Effective the Implementation Date, employees transferring positions within a Health Authority will no longer be subject to B)(1), as they will have the mobility rights provided under B)(1) because the whole of each Health Authority will be deemed a single employer for purposes of this MOA.

3. Whether before or after the Implementation Date, employees shall not port superior benefits when posting/moving between HA Employers, except where the same superior benefits exist at the receiving HA Employer. Otherwise, and except as modified by this Memorandum of Agreement, employees posting/moving between positions will be covered by the benefits in existence at the receiving worksite.

C) *Status of Employees Following Dovetailing*

1. Effective the Implementation Date of the dovetailed seniority list, each employee shall be restricted to one status: regular full-time, regular part-time, regular Community Health Worker, or casual.

2. Employees who have regular status at one HA Employer and have casual status at a different HA Employer shall inform their Health Authority no later than 90 days prior to the Implementation Date of which status they wish to maintain and, which they wish to relinquish.

3. At least 30 days prior to the Implementation Date, Employees who hold multiple positions that total more than 1.0 FTE must relinquish position(s) until the FTE of the position(s) they hold is/are equal to or less than 1.0 FTE.

4. The Health Authorities will pay out the vacation accrued in the position(s) relinquished under 3 above.

5. After relinquishing positions under 3 above, regular and casual employees may continue to access casual work through Article 29 at multiple HA Employers by registering on the department list, provided that:

i. The employee possesses the required qualifications; and

ii. The department has an operational need to increase the number of employees on the department casual list

6. A Health Authority may create a casual list that covers more than one Appendix 1 Employer within a Health Authority with the agreement of the union or unions of the impacted Appendix 1 Employers. If any such casual list exists at the Implementation Date, it shall continue unless the parties agree otherwise.

7. Casual employees and regular part-time employees currently registered to work in multiple HA Employers at the Implementation Date will continue to be registered on combined lists or shall remain on casual at the applicable Appendix 1 employer.

8. Regular employees may continue to hold multiple positions provided the employees' multiple positions do not exceed a total of 1.0 FTE.

D) *Seniority and Benefits*

1. All individual seniority lists for each Health Authority will be merged into one new single seniority list covering all employees under this agreement for that Health Authority on the Implementation Date. This will be done by "dovetailing" on the basis of overall seniority accumulated at all sites within the Health Authority. "Dovetailing" means placing employees on a list in descending order of seniority.

2. Employees who are registered on multiple seniority lists will receive the total seniority earned at all HA Employers to a maximum of 1.0 FTE per annum equivalent for the total duration of service at the Health Authority. Article 14 employees cannot accrue more than 1950 hours of seniority in a calendar year and Article 15 employees cannot accrue more than 2080 hours of seniority in a calendar year.

3. Regular full-time and part-time employees working 1.0 FTE or less, and casual employees, will continue to accrue seniority and benefits in accordance with the collective agreement.

4. Except as provided for in this Memorandum of Agreement, employees being merged onto the dovetailed list will retain all accrued benefits, including but not limited to vacation, special leave, and sick leave, subject to not exceeding the entitlement that the employee would have accrued as a 1.0 FTE employee for their years continuously working at the Health Authority.

5. Following the Implementation Date, employees with multiple regular positions will continue to accrue vacation credits based on total years of continuous service for the Health Authority in accordance with the collective agreement.

6. Employees who are at different increment steps in different classifications will be placed at the increment step that reflects their dovetailed seniority.

E) *Vacancy Posting*

1. Effective the Implementation Date, employees of Health Authorities will be permitted to use their dovetailed seniority for the purpose of posting into any positions within the Health Authority in accordance with Article 12.3 as amended in the pending term of the 2022-2025 Collective Agreement.

F) *Bumping*

1. Following the Implementation Date, bumping will be in accordance with Article 13.3 as amended in the pending term of the 2022-2025 Collective Agreement.

G) *Union Representation*

1. Bargaining agent representation of employees as of the Implementation Date will continue to apply following the Implementation Date unless it is subsequently modified.

2. Employees transferred/appointed/promoted to a position at a different HA Employer will be represented by the bargaining agent certified to represent the work at that HA Employer.

H) *Collective Agreement*

1. This Agreement shall not be used to interpret any other aspect of the collective agreement.

I) *Implementation Working Group*

1. The parties will create a joint working group to discuss and resolve any issues arising from this MOA. The working group will be formed 120 days after ratification of this collective agreement and shall consist of representatives from the CBA, Health Authorities and HEABC. The working group will be guided by the goals of the parties identified in this MOA.

**MEMORANDUM OF AGREEMENT #20**  
**Consultation - Contracting Out**

Health Sector employers will engage in a consultation process as described below effective at least 60 calendar days in advance of the issuance of a Request for Proposals ("RFP") or by issuance of an equivalent invitation to bid by a Health Sector employer when it is considering contracting out that may result in the layoff of bargaining unit employees.

(a) *Consultation Process - General:* In the 60-calendar day period, the Union will be provided an opportunity at the appropriate project level to discuss alternatives to the proposed contracting out and/or the options for impacted employees. Health Sector employers will give good faith consideration, in the discussions on contracting out, to alternatives advanced by a union.

Where a project involves services that impact a significant number of the worksites amalgamated within one Health Authority, or a project that would impact on 50 or more FTEs at an affiliate employer, the HEABC and the Community Bargaining Association agree that the 60-calendar day period will be changed to up to 90 calendar days.

At the end of the 60 or 90 calendar day period as applicable, the Health employer will have the discretion to proceed with contracting out.

(b) *Consultation Process - Two or More Health Authorities:* Where a project would apply to two or more Health Authorities covered by the Community Subsector collective agreement, the HEABC and the Community Bargaining Association agree to refer the project to a provincial level Alternate Service Delivery Committee jointly established by the HEABC and the CBA. In this event the consultation process will begin 90 days in advance of the issuance of an RFP by the Health Authorities or by issuance of an equivalent invitation to bid.

The Committee will be comprised of four representatives appointed by the Community Bargaining Association and four representatives appointed by the HEABC. The Committee will have the ability to bring in a reasonable number of subject matter experts in the work performed and/or the proposed project.

The HEABC and the Community Bargaining Association also agree that where a project impacts multiple Union Bargaining Associations, the Committee may, by mutual agreement, meet with other Union Bargaining Associations but the membership of the Committee will not include representatives from other Union Bargaining Associations.

The Committee will be the forum for the discussion of alternatives to the proposed contracting out and/or the options for impacted employees. The Health Authorities will give good faith consideration, in the discussions on contracting out, to alternatives advanced by a union.

The HEABC and the Community Bargaining Association will each pay their own expenses for their respective committee members. Employees who are members of the Committee shall be granted leave without loss of pay or receive straight-time regular wages while attending meetings of the Committee.

At the end of the 90 calendar day period, the Health Authorities will have the discretion to proceed with contracting out.

(c) *Disclosure*: Health employers will provide the Union with a detailed description of the proposed contracting out. Relevant information and supporting documents on the proposed contracting out will be disclosed by the Health employer to the Union to inform the discussions regarding alternatives and options for affected employees.

(d) *Confidentiality*: Confidentiality will be needed until such time as the Employer is prepared to announce a decision.

The HEABC and the Community Bargaining Association agree that the Union has the ability to discuss with impacted employees alternatives and options on a confidential basis.

The HEABC and the Community Bargaining Association agree that should any financial and/or proprietary information of the Employer and/or any potential third party contractor be disclosed, such information will remain confidential.

(e) *Notification of CBA*. Once the Health employer makes a decision under the process set out in this memorandum of agreement, the Community Bargaining Association will be notified of the decision in writing. If the Health employer makes a decision to proceed with contracting out, the parties agree that they will move to the process set out in the memorandum of agreement Re: Employee Options - Contracting Out.

(f) *Application of Labour Relations Code*: the HEABC and the Community Bargaining Association agree that the process described in this memorandum of agreement and the memorandum of agreement entitled "*Employee Options - Contracting Out*" establish the specific process of consultation and adjustment contemplated by Section 54 of the *Labour Relations Code* and satisfies the requirements of this section of the *Labour Relations Code* for the purposes of contracting out that results in the layoff of members of the Community Bargaining Association bargaining unit.

## **MEMORANDUM OF AGREEMENT #21 Employee Options - Contracting Out**

The parties agree as follows:

### *Part I - Employee Options*

(a) *Employment with the Contractor*: If a regular employee, who has been issued a displacement letter due to contracting out, is interested in being employed by the contractor, the Health employer will facilitate the application process.

(b) *Expanded Access to Regular Ongoing Vacancies and Casual Lists*: A regular employee, who has been issued a displacement letter due to contracting out, who has not terminated and who has no bumping or vacancy options under the Community Subsector collective agreement at their current employer shall be entitled to:

Apply for an unfilled regular ongoing vacancy in accordance with Article 12.3 in any one of the six Health Authorities.

Employees accessing these vacancies in the Health Sector in a location that is more than 50 kilometres from their previous worksite and who chooses to relocate will be entitled to relocation expenses of \$500 for a move of up to 240 kilometres and \$800 for a move of beyond 240 kilometres. Relocation expenses must be claimed from their former employer within six months of the start date of the regular position and must be supported by receipts.

or

Register for casual work under Article 29 (Casual Employees) on one casual list in any one Health Authority worksite in the province in the classification they were displaced from provided the employee is qualified to perform and capable of performing the work.

A displaced regular employee who successfully posts into a regular ongoing vacancy or registers for casual employment prior to the expiry of their recall period under the process in this memorandum of agreement shall have eligibility periods waived for health and welfare benefits as follows:

A displaced regular employee who successfully posts into a regular ongoing vacancy will be entitled to coverage under the Medical, Dental, and Extended Health Plans effective the first day of the month following appointment to the position.

A displaced regular employee who registers for casual employment shall be governed by Article 29.7 (Transfer to Casual Status) but will have the option to enrol in the health and welfare plans as per Article 29.9(a) (Casual Employee Benefits) without having to work 180 hours.

(c) *Re-Employment with Previous Health Sector Employer:* A regular employee laid off as a result of contracting out who successfully applies on a posting for a regular ongoing position at their previous Health Sector employer within one year from the effective date of the end of the recall period will have their previous Health Sector service and seniority restored. This provision will not apply to an employee who has ported benefits to another Health Sector employer within one year from the effective date of the end of the recall period.

(d) *Re-Training Fund:* A re-training fund will be established to facilitate access to retraining for a job in areas of need in the Community Subsector.

Re-training or other mitigation options (ERIP/VDP/Enhanced Severance as referenced in Section 5.1 of the settlement agreement) for employees laid off due to contracting out in the future funding amounts to be determined.

Individuals previously laid off due to contracting out - funding amounts to be determined. Individuals previously laid off due to contracting out who are interested in re-training must receive an allocation from the re-training fund by December 31, 2008.

After that date, remaining funds shall be made available to all employees to be re-trained in areas of need in accordance with the terms determined by the Joint Committee. Individuals previously laid off due to contracting out who are re-trained and who are not already in the Health Sector and who apply for a regular ongoing vacancy with any Health Sector employer are considered an external applicant under Article 12.3 (Job Posting Process and Regional Postings) of the Community Subsector collective agreement.

(e) Subject only to the variations specified in this memorandum of agreement, the Community Subsector collective agreement will apply and prevail.

(f) This memorandum of agreement is effective from April 1, 2006.

### *Part 2 - Re-Training Committee*

A joint re-training committee will be established comprised of three representatives appointed by the Community Bargaining Association and three representatives appointed by the HEABC. The principles governing the Committee's decisions and the application of the re-training funds are:

- (a) Re-training must be for an area of need in the Community Subsector as determined and approved by the Employer.
- (b) An employee must be qualified and capable before being able to bid on a vacancy upon completion of any re-training.
- (c) The funds shall cover the cost of the course and, where appropriate, a reasonable stipend for current employees in the Health Sector to assist with living expenses while enrolled in the course. The Joint Committee will determine the value and application of the stipend.
- (d) During the re-training period, the employee will be placed on a casual list at their current Health Sector employer and: (a) can access work during the retraining period if the employee is qualified; or (b) if not qualified, is deemed unavailable until the re-training is concluded.
- (e) The Committee may discuss retraining for areas of need in the Facilities Subsector.
- (f) A re-trained employee commits to stay in the Health Sector upon conclusion of re-training and posting into a vacancy. Failure to stay in the Health Sector for a period of three times the length of the re-training period results in a prorated share of reimbursing the Fund for the cost of the re-training and, where applicable, the stipend payments.
- (g) Should no regular ongoing vacancy be available, a re-trained employee must register on one casual list in any one of the six Health Authorities across the province upon completion of training to facilitate access to a regular ongoing vacancy. The casual list must be for an occupation in which the employee received re-training.

The employee will retain the ability to access portable benefits and have seniority restored for six months following the completion of the retraining if the employee is successful in posting into a regular ongoing vacancy.

- (h) The HEABC and the Community Bargaining Association will work with public postsecondary institutions to maximize the training opportunities for the employee and the Employer.
- (i) The Re-Training Committee will also be responsible for allocating payments from the Fund for ERIP, VDP, or Enhanced Severance as referenced in Section 5.1 of the settlement agreement to employees impacted by contracting out. Prior to making any allocations available for ERIP/VDP, the Re-Training Committee will give due consideration to the priority that the parties place on making funds available for re-training.

### *Part 3 - Other Options*

The following options are available for consideration by the Employer at its discretion:

- (a) *Early Retirement Incentives and/or Voluntary Departure Incentives.* If such incentives are made available to employees impacted by contracting out, such incentives will only be granted where vacancies would be created by the departing employee(s) which would be filled by other employees who would otherwise be laid off due to contracting out. Such incentives will be provided only to the extent that the Re-Training Committee provides financial support from its Fund.
- (b) Other options for labour adjustment suggested by the Union, including voluntary recognition of the Union.

**MEMORANDUM OF AGREEMENT #22**  
**Article 15.2 Joint Interpretation**

Within 180 days of ratification, the Parties will seek to create a joint interpretation regarding the following from Article 15.2:

*“Employees shall not be required to work more than six consecutive days without receiving two consecutive days off work.”*

The parties may, by mutual agreement, engage a mediator to assist with the meeting.

If the parties cannot agree on a joint interpretation, either party may refer a grievance to arbitration in accordance with Article 9.

**MEMORANDUM OF AGREEMENT #23**  
**Scheduling of Expedited Arbitrations**

1. The expedited arbitration process will be overseen by a representative of each party (the "*administrators*").
2. The administrators will meet quarterly or more frequently if required.
3. The administrators will establish annual expedited arbitration dates: monthly or more frequently based on need.
4. The dates will be set with arbitrators assigned as per the rotation. If the arbitrator next on the list does not have availability for the next needed arbitration dates, they will be assigned future dates so that where possible the arbitrators generally have an equal amount of dates throughout the year.
5. All referrals to expedited arbitration will be emailed to the administrators to process at their meetings. A copy of the grievance will be sent with the referral to expedited arbitration letter.
6. The administrators, in setting matters for expedited hearing dates, shall consider the date of the referral, and should attempt to best utilize dates by grouping matters of the same employer and/or same geographic location together. The administrators shall attempt to give matters of an urgent nature priority in scheduling.

**MEMORANDUM OF AGREEMENT #24**  
**Pandemic Information Sharing Forum**

The parties acknowledge the hard work of employees, Employers and Unions in responding to the COVID-19 pandemic.

Throughout the COVID-19 pandemic, the parties recognized the value of collaboration and cooperation, and convened a provincial occupational health and safety forum to share information and address provincial-level issues as they arose. The forum will consist of one (1) representative from each participating bargaining association, HEABC, Employer representatives, and a senior representative from Ministry of Health. The forum may also include a representative from Doctors of BC, WorkSafeBC or other relevant groups as agreed by the participants.

The purpose of the forum is to promote information sharing related to pandemic occupational health and safety matters, with the following principles:

- Open, transparent and respectful communications
- Focus on provincial level issues
- Interest based approach

The forum will determine the meeting frequency.

**MEMORANDUM OF AGREEMENT #31**  
**JCBT Special Program Funding**

The parties agree that in addition to the regular services provided by the JCBT there is merit in providing the JCBT with additional annual lump sum payments for the purposes of funding special programs (the "*Special Program Funds*").

The parties recognize that JCBT may act independently from the parties and therefore agree to impose a mechanism for evaluating the effectiveness of JCBT's use of Special Program Funds. The parties will meet and determine an appropriate evaluation mechanism prior to contributing the year one (2019) funds to the JCBT. Future year funds will only be released if the Parties are satisfied that the JCBT has used Special Program Funds appropriately throughout the prior year. The evaluation shall occur during the last three months of the applicable year.

**MEMORANDUM OF AGREEMENT #32**  
**Joint Community Benefits Trust Working Group**

The CBA and HEABC (the "*Parties*") share a common goal of the long-term sustainability of the Joint Community Benefits Trust (JCBT).

The Parties agree to establish a working group to review and consider changes to the funding formula for the Joint Community Benefit Trust on the following terms:

1. Five representatives appointed by the CBA.
2. Five representatives appointed by HEABC, one of which will be a representative from the Public Sector Employers' Council Secretariat.
3. The working group may consult with additional subject matter experts as required.
4. The working group will provide information and recommendations to Government for consideration, including in the development of the next bargaining mandate, by no later than April 1, 2024.
5. The working group may also provide recommendations to the Parties.

**MEMORANDUM OF AGREEMENT #33**  
**Employee Data, Membership Cards, and Seniority List Working Group**

The parties agree to establish an ongoing working group to address the evolution of employee data from a historically paper-based system to one that includes electronic data and online tools.

The working group will commence no later than 120 days following the date of ratification and will consist of four representatives selected by HEABC and four representatives selected by the CBA. The working group shall determine the agendas and frequency of meetings and identify other participants to attend meetings on specific topics.

The objectives of the working group are to:

- Identify the frequency and content of information that is required to be remitted to a union and/or stewards by an employer.
- Develop a recommended practice for the transmission of electronic information.
- Distinguish between macro information that is delivered directly to a union and that which is related to the orientation of new employees at a worksite by a union steward.
- Develop a recommendation on effective and efficient practices related to the provisions of the agreement covering dues check-off and union membership cards.
- Develop recommendations on how name and gender changes specific to trans inclusion are communicated to unions.
- Consider the difference between seniority that needs to be readily available to employees and worksite stewards/officers and that required by unions outside of grievances and other dispute resolution processes.
- Develop recommendations on potential collective agreement language changes to modernize the agreement concerning employee data, membership cards, and seniority lists.
- Develop a recommendation on the sharing of employee status with unions and the privacy aspects of displaying employee status on employee or publicly accessible lists.

**MEMORANDUM OF AGREEMENT #34**  
**Scheduler Education**

In an effort to better equip employees working as schedulers with the skills, abilities, and tools they need to improve scheduling efficiency, the parties commit to meeting within 90 days of the ratification of the collective agreement to engage in consultation process regarding the following:

1. The development of a joint interpretation on scheduling.
2. The development of an education program for schedulers
  - a. This program shall be funded by one-time contributions from HEABC.
  - b. HEABC shall contribute \$50,000 between April 1, 2019 - March 31, 2020 to be used for the development of the education program.
  - c. HEABC shall contribute \$100,000 between April 1, 2020 - March 31, 2021 to be used for the education of schedulers; and
  - d. HEABC shall contribute \$100,000 between April 1, 2021 - March 31, 2022 to be used for the education of schedulers.

This MOU shall expire on March 31, 2022.

**MEMORANDUM OF AGREEMENT #35**  
**Recruitment and Retention of Indigenous Workers**

1. The parties agree that Indigenous peoples are under-represented as workers in the health care system, and Indigenous peoples have historically experienced barriers to accessing health care services. Addressing the under-representation of Indigenous peoples in the health sector workforce is a critical strategy to ensure cultural safety within the health care system for both workers and patients/residents/clients/service users. To that end, the parties will actively support employment equity programs to promote the hiring of Indigenous workers into the health care system, and to increase Indigenous representation within the CBA bargaining unit.
2. To support the recruitment and retention of Indigenous workers, and to improve the care of Indigenous patients/residents/clients/service users across the health care system, the parties recognize that Employers may select an Indigenous candidate, even where they are not the most senior qualified candidate, when one or more of the following circumstances exist:
  - the Employer has identified a position that provides care or services to Indigenous communities or Indigenous patients/residents/clients/service users and the cultural expertise or knowledge of Indigenous peoples, communities and/or nations;
  - where commitments to hire Indigenous peoples with external funding for programs have to be met; and/or
  - where the Employer has identified it is desirable to hire Indigenous peoples into leadership or mentorship roles.
3. The parties agree that there may be new or existing positions that require lived experience, or knowledge of, Indigenous peoples, communities and/or nations. In such cases, the Employer has the management right to require such qualifications on the job description.
4. Further to the circumstances identified in paragraphs 2 and 3, in the absence of fully qualified applicants for a posted position, the Employer may choose to hire an Indigenous candidate who does not possess all required qualifications for the position but would become job ready through Employer-provided training, orientation or mentoring.

**MEMORANDUM OF AGREEMENT #36**  
***Declaration on the Rights of Indigenous Peoples and Eliminating Indigenous Specific Racism in Healthcare***

The parties acknowledge the pervasive and ongoing harms of colonialism faced by Indigenous peoples. These harms include the widespread systemic racism against Indigenous peoples in BC's health system, as highlighted in the 2020 In Plain Sight report.

The parties agree to uphold the *United Nations Declaration on the Rights of Indigenous Peoples*, which has been brought into the laws of British Columbia under the *Declaration on the Rights of Indigenous Peoples Act*, SBC 2019, c 44.

The parties commit to working together to address the ongoing harms of colonialism and racism faced by Indigenous patients, clients, residents, service users, health care staff and providers, including by:

- committing to reconciliation in health care by supporting comprehensive, system-wide changes that enable Indigenous-specific anti-racism, and cultural safety;
- working together to actively identify, address and rectify barriers in Collective Agreements; and
- working to increase the representation of Indigenous individuals in the healthcare workforce.

The parties acknowledge that a coordinated and integrated provincial and sector-wide approach is crucial to further these joint commitments to eliminate Indigenous-specific racism and to create a culturally safe health care system.

To date, and in furtherance of recommendation no. 19 of the In Plain Sight report, Ministry of Health has partnered with the National Collaborating Centre for Indigenous Health (NCCIH), housed at University of Northern BC, to build a collection of anti-racism, cultural safety and trauma-informed standards, policy, tools and resources for health care organizations, including developing new tools and resources specific to BC.

Accordingly, building on the work underway, the parties support the creation of a provincial forum, led by the Indigenous Health branch of the Ministry of Health, that will include representatives from HEABC, health authority Vice Presidents of Indigenous Health and other leaders, representatives of other HEABC members, and health sector bargaining associations to engage in collaborative discussions that will inform the work moving forward and best position the parties in future rounds of collective bargaining (the “Forum”). Ministry of Health may also invite representatives from other relevant groups identified by the Ministry of Health, including Indigenous elders or knowledge keepers, to participate in the Forum from time to time or on an ongoing basis.

The Ministry of Health will establish the Forum and present the Terms of Reference that will set out the purpose:

- to create a Forum for health authority Indigenous leaders and other leaders, and representatives of other HEABC members and unions to have continuing dialogue on the commitments stated above. The parties may use the Forum to present their ongoing or developing organizational initiatives, including the implementation of the Cultural Safety and Humility Standard, complaints processes, education, and training to eliminate Indigenous-specific racism and to hardwire cultural safety and humility into the workplace;
- to discuss ways to leverage resources being developed by NCCIH and Ministry of Health, as well as raising awareness of the wealth of resources within the health system now, including the repository of work housed with the NCCIH and resources already developed by health authorities;
- to discuss ways to address recruitment and retention of Indigenous staff, which may include developing recommendations for changes to Collective Agreement language in the next round of collective bargaining;
- to provide an opportunity for Ministry of Health to solicit feedback and report out on ongoing provincial initiatives, including continuing implementation of the In Plain Sight recommendations and the phased roll-out of the *Anti-Racism Data Act*, SBC 2022, c.18; and
- to improve awareness of and compliance with the *Declaration on the Rights of Indigenous Peoples Act*, SBC 2019, c 44.

It is understood that the Forum should serve all interested parties in the provincial health care sector, not only the Community Subsector. To that end, the parties will make all reasonable efforts to promote participation in the Forum on a provincial and sector-wide basis.

The Ministry of Health shall hold the Forum quarterly, or more frequently as deemed necessary.

**MEMORANDUM OF AGREEMENT #37**  
**Trans Inclusion**

*General Transition Support*

1. The parties agree to the following:
2. The parties will work together to protect the job security, privacy, and safety of transgender, non-binary and two-spirit workers at all times and during an accommodated transition in accordance with the Collective Agreement and legislation.
3. Upon an employee's request, the Employer will work with the employee (and the Union, if requested) to prepare a transition or a gender support plan that is respectful, employee-centered, and tailored to the employee's particular needs, including how any name or pronoun changes will be communicated to other employees, the Union and any other relevant group.
4. Employees may request that the Employer update personal information, such as legal name and gender changes, on employee records, directories, and workplace documents. This may include seniority lists, nametags, employee IDs, email addresses, organizational charts, health care coverage and schedules and human resources documents. Employers will correct personal information pursuant to applicable privacy law.
5. Employers will review current policies and procedures, such as dress codes, to ensure they are consistent with trans inclusion.
6. Employers will make trans inclusive resources available to employees and managers.
7. Transphobia is a type of *Human Rights Code* harassment. Transphobia can happen at the workplace or online and includes but is not limited to intentional:
  - Deadnaming (using employee's former name);
  - Misgendering (referring to someone using a word or pronoun that does not reflect their gender); and/or
  - Doxxing (sharing personal information, including old photos or medical information for the purpose of harassment or online mobbing).

This MOA is not intended to limit the work of an DEI Working Group in advancing trans inclusion in the workplace.

*Extended Health Benefits Plan*

Upon ratification, the Parties will make a joint request to the JCBT to:

- (a) Expedite a review of the extended health benefits plan to determine gaps in gender affirming care, including coverage for transition related expenses such as: reconstructive surgery, wigs, binders, gaffs, electrolysis and hair removal, prosthesis, hormone therapy, silicon/saline implants, special bras for prosthesis, voice classes, mental health and other specialized counselling, and medical-related travel expenses;
- (b) Amend the plan with coverage for the costs of gender-affirming care not currently provided at their discretion; and

- (c) Report out to the parties, Employers and employees on any plan design changes.

#### *Transition Leave*

The Employer will grant an employee a cumulative total of eight weeks with pay for medical procedures required during the transition period, available for gender affirming surgical procedure and revision. Additional paid or unpaid leave may be provided through collective agreement leave provisions.

#### *Bathrooms/Changeroom*

A trans worker may use the bathroom/changeroom of their lived gender regardless of whether or not they have sought or completed surgeries or completed a legal name or gender change. Employers will:

- (a) Ensure single occupant bathrooms/changerooms (where they exist) on their worksite premises are accessible by employees of any gender expression or identity and confirm this to the CBA within six months of ratification, and
- (b) Issue a statement to employees about inclusive bathroom/changeroom use in both single occupant and shared bathroom spaces.

### **MEMORANDUM OF AGREEMENT #38 Diversity, Equity and Inclusion Working Group**

1. The parties agree that addressing and improving diversity, equity and inclusion (DEI) in the workplace is a priority for the health sector, not only for healthcare staff, but also to better serve patients, clients and residents.
2. The parties have a joint interest in creating safe, inclusive work environments by developing approaches to foster positive spaces, identifying and making efforts to remove barriers to individuals of under-represented groups, and making recommendations to employers and employees to further diversity, equity and inclusion in the workplace.
3. Accordingly, within 120 days of ratification the parties will establish a coordinated and integrated provincial and sector-wide Diversity, Equity and Inclusion Working Group (the “*Working Group*”).
4. The Working Group will be established by Provincial Health Human Resources Coordination Centre (PHHRCC) and will include representatives from health authorities, other HEABC member representatives, and health sector bargaining associations.
5. The Working Group may invite subject matter experts and other relevant government ministries to attend as guests and to participate in conversations as needed.
6. The Working Group will meet quarterly (or as otherwise agreed) and will complete their work prior to March 31, 2025.
7. The Working Group’s focus will be the advancement of diversity, equity and inclusion in health care workplaces and the Working Group will:
  - Develop terms of reference;
  - Engage and consult stakeholders as required;
  - Gather all necessary data in accordance with applicable privacy legislation in advance of the Working Group’s meetings to inform discussions and actions of the Working Group;

- Conduct a review and analysis of available relevant data to benchmark the current state of the health care workforce with the intention to identify current gaps in under-represented workers;
  - Support the creation of a safe and discrimination-free workplace through identifying solutions to address barriers to employment and career advancement;
  - Review available data in accordance with applicable privacy legislation;
  - Review existing health authority/Providence Health Care (PHC) DEI programs and actions to identify gaps; and
  - Recommend a framework and action plan to improve diversity, equity and inclusion in healthcare workplaces, in concert with existing health authority/PHC work. Recommendations may include:
    - i. suggestions to the Ministry of Health for the supports and resources necessary to advance DEI initiatives and foster inclusive environments; and
    - ii. suggestions to the Ministry of Health or health authorities/PHC on employee DEI training, which may include anti-racism training, gender and sexual diversity training, anti-harassment training, and disability awareness training.
8. The Working Group will make recommendations to PHHRCC.
9. The parties will work co-operatively to implement and promote the framework and action plan if the recommendations are adopted by the Ministry of Health and the health authorities/PHC.

**MEMORANDUM OF AGREEMENT #39**  
**Benchmark Modernization Committee**

Healthcare has evolved since the creation of the CBA classification system. The parties acknowledge the benefit of maintaining the currency of benchmarks by reviewing and updating their contents to ensure they accurately reflect the overall scope and level of responsibility.

During the term of this agreement the Community Bargaining Association (CBA) and Health Employers Association of British Columbia (HEABC) will begin the review process.

Therefore, no later than 6 months after ratification, the parties shall establish a joint working committee on the following terms:

1. Four representatives appointed by the CBA.
2. Four representatives appointed by HEABC.
3. The working-group may consult with additional subject matter experts as required.
4. The parties will identify at least two job families (one of which shall be Administrative Services) and commence a review to determine the accuracy of the benchmarks and, by mutual agreement, make any changes required.
5. There will be no cost consequences to the Employer as a direct result of this review during the term of this agreement. For greater clarification, any revised benchmarks established by the Joint Working Committee may be implemented but will be at no cost to the Employer, unless mutually agreed.

**MEMORANDUM OF AGREEMENT #40**  
**Classification Education**

During the 2014-2019 collective agreement, the parties signed MOA #34 which created a joint working committee. That committee jointly recommended the following:

A companion guide to the benchmarks is drafted containing definitions of the key word/phrases for consideration of the Parties. The Committee further recommends that the guide, like the benchmarks, not form part of the Collective Agreement.

The parties recognize that there is a shared desire to improve knowledge of excluded managers and union officers regarding classification terms and processes.

Therefore, no later than 6 months after ratification, the parties shall establish a working group on the following terms:

1. Three representatives appointed by the CBA.
2. Three representatives appointed by HEABC.
3. The working group may consult with additional subject matter experts as determined by the committee.
4. The committee shall jointly develop a guide or educational materials for excluded managers and union officers to educate them on terminology, collective agreement process, and any other classification-related information the committee determines is appropriate.
5. The committee shall determine the appropriate form of the educational materials that it develops.
6. Any guide or education process shall not form part of the collective agreement.

**MEMORANDUM OF AGREEMENT #41**  
**Special Projects**

The Parties shall allocate a one-time lump sum of \$900,000 for special projects ("*Special Project Funds*").

Either party may create proposals for the use of the Special Project Funds for programs or projects that would be beneficial to CBA employees.

The use of the Special Projects Funds shall be by mutual agreement of the Parties.

**MEMORANDUM OF AGREEMENT #42**  
**Elimination of Step 1**

Effective the first pay period following April 1, 2023, the parties agree to amend Schedule B - Wage Schedule by removing Step 1. Any employee being paid at Step 1 shall be paid at Step 2 and the employee's increment anniversary date shall then become the effective date of the change.

Any new employees hired after April 1, 2023 shall start at Step 2.

**MEMORANDUM OF AGREEMENT #43**  
**Public Sector Wage Increases**

1. If a public sector employer, as defined in s. 1 of the *Public Sector Employers Act*, enters into a collective agreement with an effective date after December 31, 2021 and the first three years of the collective agreement under the Shared Recovery Mandate includes cumulative nominal (not compounded) general wage increases (GWIs) and Cost of Living Adjustments (COLAs) that, in accordance with how GWIs are defined and calculated in this LOA, are paid out and exceed the sum of the GWIs and COLAs that are paid out in the Collective Agreement, the total GWIs and COLAs paid out will be adjusted on the third anniversary of the collective agreement so that the cumulative nominal (not compounded) GWIs and COLAs are equivalent. This Memorandum of Agreement (MOA) is not triggered by any wage increase or lump sum awarded as a result of binding interest arbitration.
2. For the purposes of calculating the general wage increases in paragraph 1:
  - a) a 25¢ per hour flat-rate wage increase for employees with their hourly wage rates set out in the Collective Agreement; or
  - b) any alternative flat-rate wage increase for employees whose hourly wage rates are not set out in the Collective Agreement that is determined by the Public Sector Employers' Council Secretariat to be roughly equivalent to a 25¢ per hour flat-rate wage increase;shall be considered to be a 0.5% general wage increase, notwithstanding what it actually represents for the average bargaining unit member covered by the Collective Agreement. For clarity, under paragraph 2 a), the combined GWIs of 25¢ per hour and 3.24% in Year 1 are considered to be a single increase of 3.74% for this LOA. For example, purposes only, combining the 3.74% increase (as it is considered in this LOA) in Year 1 with the maximum potential combined GWI and COLA increases of 6.75% in Year 2 and 3% in Year 3 would result in a cumulative nominal increases of 13.49% over three years.
3. For certainty, a general wage increase is one that applies to all members of a bargaining unit (e.g. everyone receives an additional 25¢ per hour, \$400 per year, or 1% increase) and does not include wage comparability adjustments, lower wage redress adjustments, labour market adjustments, flexibility allocations, classification system changes, or any compensation increases that are funded by equivalent Collective Agreement savings or grievance resolutions that are agreed to in bargaining.
4. A general wage increase and its magnitude in any agreement is as confirmed by the Public Sector Employers' Council Secretariat.
5. This MOA will be effective during the term of the Collective Agreement.

**MEMORANDUM OF AGREEMENT #44**  
**Cost of Living Adjustment**

**Re: COST OF LIVING ADJUSTMENT**

*Definitions*

*"General Wage Increase" or "GWI"* means the overall general wage increase expressed as a percentage.

*"Cost of Living Adjustment" or "COLA"* means a percentage-based general wage increase adjustment provided in accordance with this Memorandum of Agreement. COLA is an upward adjustment applied to and folded into all wage rates.

The "annualized average of BC CPI over 12 months" (AABC CPI) means the *Latest 12-month Average Index % Change* reported by BC Stats in March for British Columbia for the 12 months starting at the beginning of March in the preceding year and concluding at the end of the following February.

The "*Latest 12-month Average Index*", as defined by BC Stats, is a 12-month moving average of the BC consumer price indexes of the most recent 12 months. This figure is calculated by averaging index levels over the applicable 12 months.

The *Latest 12-month Average Index % Change* is reported publicly by BC Stats in the monthly BC Stats *Consumer Price Index Highlights* report. The BC Stats *Consumer Price Index Highlights* report released in mid-March will contain the applicable figure for the 12-months concluding at the end of February. The percentage change reported by BC Stats that will form the basis for determining any COLA increase is calculated to one decimal point. For reference purposes only, the annualized average of BC CPI over 12 months from March 1, 2021 to February 28, 2022 was 3.4%.

#### COLA

The COLA will be applied as applicable to the GWI effective on the first pay period after April 1, 2023 and April 1, 2024. The COLA will be calculated by determining the difference between the AABC CPI and the annual general wage increase to the maximum COLA prescribed that year in Wage Schedule - Grids.

#### April 2023

If the 2023 AABC CPI exceeds the April 2023 GWI of 5.5%, then, on the first pay period after April 1, 2023 the April 2023 GWI will be adjusted upwards to reflect a COLA equal to the difference between the April 2023 GWI and the 2023 AABC CPI up to a maximum of 1.25%.

#### April 2024

If the 2024 AABC CPI exceeds the April 2024 GWI of 2%, then, on the first pay period after April 1, 2024 the April 2024 GWI will be adjusted upwards to reflect a COLA equal to the difference between the April 2024 GWI and the 2024 AABC CPI up to a maximum of 1%.

### **MEMORANDUM OF AGREEMENT #45 Community Health Worker Fixed Shift Minimums**

The parties acknowledge the critical role of Community Health Workers in the delivery of home health care to clients in their homes.

The parties recognize the importance of recruitment and retention of Community Health Workers (CHW) in the health care sector and the desire for more stable and predictable shift schedules.

The Parties agree that each Health Authority shall maintain at least 30% of regular CHW positions as Fixed Shift positions.

This shall be effective upon ratification for Health Authorities that currently meet or exceed these terms, and effective one year from ratification for any Health Authority that currently does not meet these terms.

This memorandum of agreement expires at the end of the term of this collective agreement, subject to Article 31.4.

- 1) The administrator will assign them on a rotating basis.
- 2) Individual unions will email notification of the request for an arbitrator to the administrator with a copy to the Employer and HEABC.
- 3) Requests will be held in date order for two weeks.
- 4) Unless otherwise advised by HEABC and the Union that an arbitrator has been assigned, the administrator will assign an arbitrator. The administrator will assign the arbitrator according the Article 9.2(b) (Assignment of Arbitrator), in rotation, on the following Friday after the two-week period in (3) above, from the agreed to list in Article 9.2(d) (Assignment of Arbitrator).
- 5) The administrator will assign a reference number (ARB#) to the case and an arbitrator. Notification will be sent to the Employer, union representative and HEABC of the appointed arbitrator.
- 6) The parties may change the Arbitrator only upon mutual agreement. The parties shall notify the Arbitrator of their appointment.
